My sincere thanks are also due to Dr. Sandeep Kumar Raghuvanshi, Department of Zoology, H.N.B. I am extremely thankful to my research colleague Mr. Sachin Chaudhary, for his all time cooperation and jovial company during the course of my whole study. I am also thankful to the staff members of Department of Zoology, Meerut College, for their cooperation and helping attitude.

I found myself unable to expose the splendid touch of my grand father Late Shri Ram Swaroop Saxena and my parents Mrs. Madhu Saxena & Mr. Kuldeep Swaroop Saxena, whose auspicious blessing and marvelous endorsement paved me the way to acquire such a cumbersome breakthrough.

I could not ever refund myself to the prudent and efficient cooperation of my family members, especially younger brother Mr. Sugur Saxena, his wife Mrs. Samy and their son Ishan, who always prompted and proliferated perceptual power within me to achieve each and every tedious ambition of life in various capacities.

At last but not the least, I owe special words of thanks and gratitude to Mr. Lalit Kumar and Mohd. Iftikar, Students of M.Sc. microbiology, C.C.S. University, Meerut, for their enormous help during the course of this study.
