Acknowledgements

First and foremost, I wish to express sincere thanks to my supervisor Prof. Pradip K. Gogoi, for his efficient guidance through the amazing path of research with great patience. His constant encouragement, valuable suggestions and fruitful discussions at different stages were really a great inspiration in bringing the best out of me.

I would like to express my heartfelt gratitude to my supervisor Dr. Utpal Bora, Department of Chemical Sciences, Tezpur University for giving me the opportunity to complete my doctoral study under his guidance. He has given me enormous freedom to pursue my interests while at the same time provided unflinching support, advice and guidance.

I would like to express my sincere thanks to Prof. Pankaj Das, Head, Department of Chemistry for his guidance, constant encouragement and providing me all the necessary facilities which help me in carrying out this work.

I also take this opportunity to extend my sincere thanks to Prof.(Ms.) J. G. Handique, former Head, Department of Chemistry for allowing me to carry out my research at the early stage, and for her constant source of inspiration and support during this work.

I wish to express my sincere gratitude to Prof. Aradhana Dutta and Prof. Surjya K. Baruah, retired Professor, Department of Chemistry, Dibrugarh University for their kind support, and source of encouragement.

I would like to extend my gratefulness to the faculty members of the Department of Chemistry, Prof. (Ms.) Geetika Borah, Dr. Bolin Chetia, Dr. Rahul Kar
and Dr. Diganta Sarma for their valuable suggestions and constant source of inspiration.

I also acknowledge UGC, New Delhi for providing financial assistance in the form of UGC-BSR-RFSMS fellowship, and DST-FIST and UGC-SAP, New Delhi for providing the financial assistance and support to our department.

I would like to acknowledge Dr. J. R. Chetia, for all the FT-IR and UV-visible spectral analysis that has been carried out for this thesis. I also acknowledge the analytical services provided by SAIC, Tezpur University, NEIST, Jorhat and STIC, Cochin University. Referee’s suggestions for insightful discussions, during the preparation of manuscripts are also acknowledged. I also remain thankful to the non-teaching staff, Department of Chemistry.

I would like to thank Dr. Rahul Kar and Manash Borpuzari for many valuable discussions during the theoretical studies. I would like to thank Dr. Golap Kalita, Nagoya Institute of Technology, Japan for his help in XPS analysis.

I am thankful to the members of Chemical Science Division, NEIST, Jorhat especially Scientists Dr. N. C. Boruah, Dr. M. J. Bordoloi, my seniors Dr. Bishwajit Saikia, Dr. Dwipen Kakati, Dr. Preetismita Bora, Dr. Pallabi Saikia, Dr. Pallabi Bora and Manash for their advice, friendship and assistance throughout my time in NEIST, Jorhat. Without their support it would have been impossible to me to overcome the difficulties and to reach at this stage.

I sincerely appreciate the help rendered by my friend and lab mate Dr. Manoj Mondal, for his valuable comments and suggestions during the preparation of my research manuscripts and thesis.
I am also thankful to my seniors Dr. Anindita Dewan, Dipankoj Gogoi, Uttam Mohan, Pallavi Gogoi, Biplob Banik, Dr. Saitanya K. Bharadwaj, Dr. Uttam Thapa, Dr. Ankur Guha, Dr Podma P. Sarmah, Dr. Archana Tairai, Zenith Buragohain for their constant help and support in different ways. I would also like to thank my lab mates Nibedita and Taskia, for the friendly working atmosphere and their nice company that was really important for the completion of the work.

I recall with gratitude the selfless help and involvement of my friends Alakesh, Dr. Ankur Gogoi, Dr. Gayatri Sarmah, Debojeet, Debojani, Momina, Gitashree, Nasifa, Dr. Tridip R. Chetia and Palashjyoti who gave me support and reassurance in different ways.

My thanks also goes to all my juniors, Ramesh, Eramoni, Abdul, Preeti, Mitali, Amlan, Abhijit, Munmi, Gyanashree, Manashjyoti, Rituparna, Samin, Upasana, Nishigandha, Rajesh, Raqiba, Rupam, Parmita, Bitupon and Gitashree. I am earnestly thankful to Abhijit Mahanta, Manashi, Purna and Gauri for their support and substantiate help during sample analysis.

During the past five years, I have met many good friends, most of whom deserve to be thanked for some reasons. I am thankful to Runjun, Chusmita, Junmoni Ba, Bandita, and Purabi. I am also thankful to Dr. Arnab N. Patowary, Dr. Mintu Kr. Das, Dr. Adil Akhtar, Dr. Atul Kumar and Parthajit.

Special thanks to two of my wonderful lovely friends Surashmi and Loyimee for their unwavering support all the way till the finale of thesis submission. I am truly blessed to have such trustworthy and lovable friends and wish for a lifelong friendship.
I am always indebted to my ever-best friends Ditumoni, Sasank and Nandita for being with me, all the time.

This work is dedicated to my family especially my parents, Syed Sofiqul Hussain and Syeda Mujiba Begum, siblings Farhana, Raihana and Zahid without whom I would not be the person I am today.

Above all, I would like to thank the Almighty Allah, for all His mercy and blessings throughout my life and career....!!
