Acknowledgment

It has been my great pleasure to acknowledge all with the deep sense of appreciation including teachers, friends and colleagues. Accordingly, I would like to use this opportunity to express my gratitude to a number of people who over the years have contributed in various ways at this occasion of completion of my thesis.

At the outset, I wish to express my sincere thanks to my respected guru, Professor G. D. Yadav, for his able guidance and motivation throughout my Ph. D. tenure. My research journey with him has been an awesome learning experience, with every facet of his qualities. He is visionary and I admire his imagination of building new ideas and executing it with equal deftness. It was his association which helped me to overcome the strenuous period during research and carved me to this shape. It is an honor to have had the opportunity to work with someone as eminent as Prof. GDY Sir. Without his guidance and encouragement, this dissertation would not have been possible. Thanking you very much Sir.

It is my profound pleasure to express my thanks to Dr. V. V. Bokade, under his guidance I was start my research journey at National Chemical Laboratory (NCL, Pune), as a Project Assistant after completion of my master degree.

It is my deep pleasure to express my thanks to Prof. (Dr.) V.V. Mahajani, Dr. Patwardhan, for providing valuable analytical facility, all technical and non-teaching staff of Chemical Engineering Department, staff of Vice-Chancellor office, the library, general office, accounts office, the stores and workshop staff members for their timely help and co-operation, during all these years.

I be obliged my genuine gratitude to all my friends who made this journey exciting, joyous and memorable. The list is very long but some of them should be specially mentioned are Devendra (Dev. D), Prasad (BRO), Prakash (PP, CM), Ashwini, Jyoti, Saurabh, and Abhijit. I would also acknowledge and will remain always a great pleasure to have such helpful and understanding friends with me. Few names deserve special mention for proving guidance and encouragement for my research are Anup, Rajesh Rajeshirke, Ashish Mishra, Rajesh Sharma, Santosh more, and Rajubhai.

My sincere thanks to my fellow colleagues Rahul, Moreshwar, Somnath, Akhilesh, Kunde sir, Suresh doke, Bapu, Jeetendra, Godfree, Sandip, Pooja Thorat for making my working experience great fun. I would like to thanks to my all ghyians group friends: Kalpesh bhadra, Prasad mandade, Satish, Dhiraj, Gunjan, Shivaji, Akhil, Manish, Jayaram, Abhilash, Kalsidas, Manoj, Anil, Pooja Tambe, Shivani, Deepali, Rohit Singh, Pravin, Kalpesh, Sonal, Radhika. I am
thankful and enjoyed the company of my hostel friends, Deepak (DC), Ek Nath (Julfe), Govind (Tiger killer), Sachin (Gumsum), Shrikant (Javaae).

I gratefully acknowledge the funding sources CSIR-NMITLI and UGC-SAP (Green Tech) for providing me financial assistance during this work.

During my Ph.d work, I was hosted by Dept. of Chemical Engineering, University of Saskatchewan, Canada as a visiting research scholar. I sincerely thank Prof. A. K. Dalai for giving me this opportunity and his research group especially Siddharth, Titipong and Ning, for their kind help. I would like to thank Rajesh and Nilesh for their nice and warm company to make my stay in Canada cheerful and fun.

Where would I be without my family? My parents (Aai-Baba) I am forever grateful to my parents, their inseparable love, care, affection, moral support, prayers and values paved the way for a privileged education, and unconditional support at each turn of the road. Without their encouragement and understanding it would have been impossible for me to finish this work. Thank you very much for everything Aai-Baba. It is my pleasure to express my gratitude wholeheartedly to my brother’s Pankaj (Pillar of my family) and Dhiraj (DG) for providing me guidance, love, care, moral support, prayers and loving environment during this work. I take this opportunity to acknowledge the moral support provided by all Katole family, relatives and well wishers. How I can forget my lovable best friend Miss. Neha who has always with me at each turn of this research work. She has given me unconditional support, help, love, guidance, care for this entire work.

Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one and if your name is not listed, rest assured that my gratitude is not less than for those listed above. I bow before god, almighty for all the blessing showered on me throughout the journey.

Thank You All....

Suraj Katole
