

## **Acknowledgments**

---

I would like to thank my supervising teacher Prof. Dr. M. Haridas, HoD, Department of Biotechnology and Microbiology, Kannur University, Thalassery Campus, for introducing me to the lectin Crystallography. I realize that no word of thanks do justice to what he has done for me throughout my research project.

I thank Dr. C. Sadasivan, Reader, Department of Biotechnology and Microbiology, Kannur University, for his valuable suggestion and constant support throughout my work. His concern for my work and various scientific discussions has been acknowledged.

I remember great support offered by Dr. K. Sreejith, Reader, Department of Biotechnology and Microbiology, Kannur University, the man who helped me during the time of crisis.

I thank Prof. M.R.N Murthy, MBU, IISc Bangalore, without whom the X-ray data collection would not have been completed.

Special thanks to Prof. M. Vijayan, MBU, IISc for his constant encouragement.

I would like to express my gratitude to Prof. Suguna, Dr. Gopal, MBU, IISc, for their valuable suggestions and support.

I thank Dr. D. N. Rao, Department of Biochemistry, IISc, Bangalore, for the kind help extended to me.

I express my indebted to Mr. Abhilash Joseph due to his whole hearted help and co-operation extended to me for the completion of the structural part of the thesis.

I am greatly acknowledged to Bharat, S.R and Alok Sharma, Research Scholars, MBU, IISC, for collecting X-ray data, interpretation and other valuable help.

I remember great support and help provided by Madhu, IISc Bangalore, during the Spectroscopic analysis of my protein sample and the co-operation

extended by Mr. James, Babu and Sathisha.K. IISc, Bangalore, are greatly acknowledged.

My respect to Dr. A. Sabu, Senior lecturer, he has been in the lab as an inspiration during the initial stages of my work.

I thank Dr. E. Jayadevi Variyar, Senior lecturer, Dr. K. Surekha, Senior lecturer and Dr. Hareesh for their constant inspiration.

I thank Dr. Arun. A. Rauf, Dr. Gincy .P. Thottathil, Dr. Sunil Kumar. P.N for their valuable suggestions and help.

I would like to thank my Lab mates Smt.Indira and Mr. N.V. Vinod for their co-operation. I appreciate with thanks to Dileep. K. V for his sincere co-operation and cover designing of the thesis.

I thank Ms Aparna. M, technical assistant for her help. My sincere thanks to my friends Arun K.S, Sandeep P. M, for their whole hearted support. I thank Divya, Ganesh. K. Prasanth, Prasanth. S, Aparna V, Sumesh, Naveen, Jeshina, Ayana, Dileep Francis and Ajeesh for their help.

I acknowledge DBT Govt: of India for the support in the form of DBT-Bioinformatics Infrastructural Facility in our department and also X-ray facility at MBU, IISC, Bangalore supported by the Department of Science and Technology (DST) And Department of Biotechnology (DBT), India.

I am deeply indebted to my wife Sheeja, daughter Geethanjali and son Gautham for their unconditional support and love.

I thank the staff members of AKGM GHSS, Pinarayi for their constant encouragement and support. I am expressing my sincere gratitude to IISR, Calicut for the facilities what I have enjoyed there.
