ACKNOWLEDGEMENTS

First and foremost I thanks to my GOD for the miraculous ways; He led me throughout this journey. Without His presence, this would not have been possible. His grace, strength, love, care and all the blessings are uncountable in the untrodden path.

It is my great pleasure to express my deep sense of gratitude and sincere thanks to my respected research guide Dr. Manu Sharma, Assistant Professor, Department of Pharmacy, Jaypee University of Information Technology, Waknaghat, Solan, for his guidance, profound interest, meticulous care, support, creative criticism and encouragement.

I express my sincere gratitude to Prof. R. S. Chauhan, Professor and Head, Dept. of Biotechnology, Bioinformatics & Pharmacy, for his support and valuable suggestions during the work.

I am delighted to express my thanks to COO. Dr. Y. Medury, Director. Brig (Retd). Balbir Singh and Vice Chancellor, Dr. Ravi Prakash, Jaypee University of Information Technology, for providing all the necessary facilities, and creating research environment to carry out research.

I thankful to Department of Biotechnology, Government of India for providing financial assistance for this project.

I also thankful to National Cancer Institute, USA and Cancer Research Initiative Foundation, Drug Discovery Laboratory, Malaysia, to carry out anticancer screening of compounds.

I would like to acknowledge the support of my friends Jeet, Varun, Aseem, Tarun & Madan for their cherishable friendship.

I extend my heart felt thanks to my parents & family for their continuous help in various ways during this journey.

Finally, I would like to thank everybody who was important to the successful realization of work, as well as expressing my apology that I could not mention personally one by one.
