</table>
4.1.3 Significance of difference between the personality score of high and low achieving Athletics Sportsmen

4.1.4 Significance of difference between the personality score of high and low achieving Foot Ball Sportsmen

4.1.5 Significance of difference between the personality score of high and low achieving Basket Ball Sportsmen

4.1.6 Significance of difference between the personality score of high and low achieving Volley Ball Sportsmen

4.2.1 One way anova for difference among the personality of high achieving sportsmen of individual games

4.2.1.1 Significance of difference between the personality score of high achieving Boxing and Weight Lifting Sportsmen

4.2.1.2 Significance of difference between the personality score of high achieving Boxing and Athletic Sportsmen

4.2.1.3 Significance of difference between the personality score of high achieving Weight Lifting and Athletics Sportsmen
4.2.2 One way anova for difference among the personality of low achieving sportsmen of individual games

4.2.2.1 Significance of difference between the personality score of low achieving Boxing and Weight Lifting Sportsmen

4.2.2.2 Significance of difference between the personality score of low achieving Boxing and Athletic Sportsmen

4.2.2.3 Significance of difference between the personality score of low achieving Weight Lifting and Athletics Sportsmen

4.3.1 One way ANOVA for difference among the personality of high achieving sportsmen of team games

4.3.1.1 Significance of difference between the personality score of high achieving Foot Ball and Basket Ball Sportsmen

4.3.1.2 Significance of difference between the personality score of high achieving Foot Ball and Volley Ball Sportsmen

4.3.1.3 Significance of difference between the personality score of high achieving Basket Ball and Volley Ball Sportsmen
4. 3.2 One way ANOVA for difference among the personality of low achieving sportsmen of team games

4.3.2.1 Significance of difference between the personality score of low achieving Foot Ball and Basket Ball Sportsmen

4.3.2.2 Significance of difference between the personality score of low achieving Foot Ball and Volley Ball Sportsmen

4.3.2.3 Significance of difference between the personality score of low achieving Basket Ball and Volley Ball Sportsmen

4.4 Significance of difference between the attribution style of high and low achieving Sportsmen

4.4.1 Significance of difference between the attribution style of high and low achieving Boxing Sportsmen

4.4.2 Significance of difference between the attribution style of high and low achieving Weight Lifting Sportsmen

4.4.3 Significance of difference between the attribution style of high and low achieving Athletics Sportsmen
4.4.4 Significance of difference between the attribution style of high and low achieving Foot Ball Sportsmen

4.4.5 Significance of difference between the attribution style of high and low achieving Basket Ball Sportsmen

4.4.6 Significance of difference between the attribution style of high and low achieving Volley Ball Sportsmen

4.5.1 Significance of difference among attribution style of high achieving sportsmen of various individual games

4.5.1.1 Significance of difference between the attribution style of high achieving sportsmen of boxing and weight lifting Sportsmen

4.5.1.2 Significance of difference between the attribution style of high achieving sportsmen of boxing and athletics Sportsmen

4.5.1.3 Significance of difference between the attribution style of high achieving sportsmen of weight lifting and athletics Sportsmen

4.5.2 Significance of difference between the attribution style of low achieving sportsmen of various individual games
4.5.2.1 Significance of difference between the attribution style of low achieving sportsmen of boxing and weight lifting Sportmen

4.5.2.2 Significance of difference between the attribution style of low achieving sportsmen of boxing and athletics Sportmen

4.5.2.3 Significance of difference between the attribution style of low achieving sportsmen of weight lifting and athletics Sportmen

4.6.1 Significance of difference among attribution style of high sportmen of various team games

4.6.1.1 Significance of difference between the attribution style of high achieving football and basketball Sportmen

4.6.1.2 Significance of difference between the attribution style of high achieving football and volley ball Sportmen

4.6.1.3 Significance of difference between the attribution style of high achieving basketball and volley ball Sportmen

4.6.2 Significance of difference among attribution style of low achieving Sportmen of various team games
4.6.2.1 Significance of difference between the attribution style of low achieving football and basketball Sportsmen

4.6.2.2 Significance of difference between the attribution style of low achieving football and volley ball Sportsmen

4.6.2.3 Significance of difference between the attribution style of low achieving basketball and volley ball Sportsmen
