### LIST OF TABLES

3.1. Estimated Results of the Keynesian Model 42
3.2. Granger Test : Causality between Income and Absorption and Absorption and Trade Balance 42
3.3. Sims Test : Causality between Income and Absorption 43
3.4. Sims Test : Causality between Absorption and Trade Balance 44
3.5. Multiple Rank F-Test : Causality between Income and Absorption 45
3.6. Multiple Rank F-Test : Causality between Absorption and Trade Balance 46
3.7. FPE Values for Univariate and Bi-variate Processes 47

4.1a. Estimates of Monetary Model of Balance of Payments (MMBP) 79
4.1b. Estimates of MMBP 80
4.2. Estimates of Money Demand Function 81
4.3. Estimates of Exchange Market Pressure (EMP) Model 82
4.4. Estimates of EMP Model with Rupee-Pound Sterling and Rupee-Dollar Exchange Rates 83
4.5. EMP in India 1976-'90 84
4.6. Granger Test : EMP Model 85
4.7. Multiple Rank F-Test : EMP Model 86
4.8. Sims Test : EMP Model 87

5.1a. Correlation Matrix of the Variables in Monetary Model 103
5.1b. Estimates of Reserve Flow and Sterilisation Equations 104
5.2. Granger Test : MABP 105
5.3. Sims Test : MABP 106
5.4. Multiple Rank F-Test : MABP 107
5.5. Complete Dynamic Simultaneous Equation Model(CDSEM) : Regression Results 108
5.6. Wald and LR Statistics of Uniform Linear Constraints in CDSEM

5.7a. Estimates of Restricted Equations in CDSEM with one-period Lag

5.7b. Estimates of Unrestricted Equations in CDSEM with one-period lag

5.8. Estimates of Unrestricted Equations in CDSEM with 1 and 2 period lag respectively on Exogenous and Endogenous Variables

5.9a. Estimates of Restricted Equations in CDSEM with 2 period Lag

5.9b. Estimates of Unrestricted Equations in CDSEM with 1 and 2 period lags respectively on Endogenous and Exogenous Variables

5.10. Estimates of Unrestricted Equations in CDSEM with 2 period lag

5.11. CDSEM : Regression Results (Period : 1970-'90)
