ACKNOWLEDGEMENT

I would like thank the Almighty for giving me strength and endless courage for successful completion of this research work.

My sincere thanks to my philosopher and research supervisor Dr. M. Murugan, Professor and Head, Department of Mechanical Engineering, B.S.A. Crescent Engineering College, for helping me in choosing this research topic and guiding me throughout the work. Without his initiation, encouragement and directions, this research would not have taken shape. He is the motivation factor for successful completion of this work.

My heartfelt thanks are due to Dr. V. M. Periasamy, Principal, B.S.A. Crescent Engineering College, for his moral support in completion of this work.

I am very much grateful to my Doctoral Committee members, Dr. N. Ramesh Babu, Professor, I.I.T-M, Chennai and Dr. L. Karunamoorthy, Professor, Anna University, for their valuable suggestions at the different stages of my work.

My sincere thanks are also due to Mr. P. V. Shashi Kumar, Mr. N. Balashanmugam and Mr. M. Chellamalai of Central Manufacturing Technology Institute (CMTI), Bangalore, who had helped me for the successful completion this experimental work.

It is my privilege to thank Mr. R. Chandrasekaran and Mr. R. Tamil Selvan, for their technical support and also thanking all my colleagues who have helped me directly or indirectly in my research work.

BHASKARAN J
