ACKNOWLEDGEMENT

The outcome of interaction with several scientists and their presentation on problems of sustainable vegetable production in hill areas in National Seminar Organised by Defence Agriculture Research Laboratory, Pithoragarh during May 1998 had been primary source inoculum of conducting experiments on constraints of vegetable production and protection at Bioved Research and Communication Centre, Allahabad. During presentation of research paper, some sorts of improvements were suggested to me by Dr. S.P. Singh, Chairman of National Seminar, Dean Faculty of Agriculture and Head Agriculture Botany, CCS University, Meerut.

Since then Dr. S.P. Singh and Dr. B.K. Dwivedi, Director, Bioved Research and Communication Centre, Allahabad became the ideal of my research activities as a guide and continued their cooperation and help in form of blessings, parental love and affections. I express my heart felt regards and words of gratitude to my honourable guides.

My regards and words of gratitude are also due to Mrs. Rajkumari and Mrs. Hemlata Dwivedi for their blessings as a rays of inspiration and improvement.

I feel indebted to Dr. S.D. Mishra, Principal Scientist and Research Coordinator, AICRP (Nematode), New Delhi, President of Bioved Research Society, Allahabad. Dr. B.B. Tripathi, Vice-Principal, ADC, Allahabad and Patron of BRS, Allahabad. Dr. Panjab Singh, Ex-DG, ICAR, New Delhi, Dr. Narendra Kumar, Director, DARL, Pithoragarh, Dr. Mohd. Arif, Principal Scientist, DARL, Pithoragarh, Dr. H.S. Gaur, Ex-Research Coordinator, AICRP (Nematode) & Head
Nematology Division, IARI, New Delhi, Dr. D. Prasad, Principal Scientist (Nematology), IARI, New Delhi, Dr. R.D. Gautam, Principal Scientist, Division of Entomology, IARI, New Delhi, Dr. Mrs. Pratibha Sharma, Principal Scientist (Plant Pathology), IARI, New Delhi, Dr. S.S. Mishra, Principal Scientist, Entomology Division, CPRI, Shimla, Dr. D. Singh, Deputy Director, CIMAP, Lucknow, Dr. R.D. Singh, Principal Scientist (Weed Control) Palampur, Shimla, Dr. A.K. Pandey, Principal Scientist, IIVR, Varanasi for their cooperation during the course of study.

I am highly thankful to Dr. Seema Wahab, Adviser, DBT, New Delhi and Dr. Ishraq Ahmad, Advisor, DST, on want of their help and cooperation the work of thesis would have not been possible in proper order. Their help and cooperation in form of blessings will always be admired.

I express my regards to my parents for their sacred blessings and affection, who’s cooperation and support rejuvenated me to work sincerely.

I extend my thanks to staff of BRCC Allahabad.

I extend my thanks to my wife Mrs. Gulab Pandey, sons Shushil, Sunil, Sudhir and daughter Vandana Pandey for their help and patience.

Ramesh Chandra Pandey
Bioved Research & Communication Centre, Allahabad
