Acknowledgements

I glorify ‘Almighty God’ for the bounteous blessings, grace, wisdom and His presence throughout this period of my research and also my entire life.

I earnestly express my sense of gratitude and respect to my research guide Dr. S.P. Victor, for all his inspiring guidance, constant encouragement, invaluable comments meticulous efforts and deep concern towards the completion of this dissertation. Despite being on the trot, he has taken strenuous efforts in sending our research papers to various international journals and we are so proud to say that, out of the three research papers sent, two of them have been published. Without his diligent support my thesis work would not have been full-fledged one and for that I am so much obliged to him endlessly. I implore the Lord to offer him the blessing with sound health unendingly to make many more scholars to reach for the stars under his guidance.

My thanks are due to Dr. A. Lourdusamy, co-guide, for his generous help and constant encouragement throughout the tenure of my studies.

I am highly indebted to Rev. Dr. Alphonse Manickam, S.J., Principal, St.Xavier’s College, Palayamkottai, and all the other staff, Department of
Computer Science, St. Xavier’s College, Palayamkottai for providing me all the facilities throughout my study period in their premises.

I whole heartedly thank my sister Dr. A. Punitha Tharani M.Sc. M.Phil, Ph.D, Associate Professor, Department of Mathematics, St. Mary’s College, Tuticorin and her family, for their generous help in the completion of my research work.

My special thanks are due to my husband, Mr. S. Sahaya Henry, and my children, S. Jerry Rinaldo and S. Ferry Alwin, for their patience and understanding throughout this work.

I thank my parents, Mr. V. Arockiam and Mrs. A. Santhana Mary, and my friends who rendered me the precious and prompt help selflessly in bringing up my studies a fruitful one. I thank all those who are behind the screen for the neat execution of this thesis.
