List of Figures

Fig. 1: Map showing geographical location of study site 28

Fig. 1(a): In India 28

Fig. 1(b): In Assam 28

Fig. 1(c): Study sites along the course of Disang tributary of Brahmaputra river of Assam, India. 28

Fig. 2(a): Ombrothermic Diagram of the study area for the year 2004-05. 29

Fig. 2(b): Ombrothermic Diagram of the study area for the year 2005-06. 30

Fig. 3a: Seasonal variation in river water sample Temperature (°C), pH and dissolved Oxygen (DO:mg/l) in six study sites during the year 2004-2006 91

Fig. 3b: Seasonal variation in river water sample BOD (mg/l), Total Alkalinity (mg/l) and Conductivity (μScm⁻¹) in six study sites during the year 2004-2006 92

Fig. 3c: Seasonal variation in river water sample Turbidity (NTU), Total Solids (mg/l) and Total hardness (mg/l) in six study sites during the year 2004 - 2006 93

Fig. 4a: Seasonal variation in river water sample CO₃ (mg/l), HCO₃ (mg/l), and NH₃N (mg/l) in six study sites during the year 2004 - 2006 94

Fig. 4b: Seasonal variation in river water sample Cl (mg/l), PO₄ (mg/l) and SO₄ (mg/l) in six study sites during the year 2004 - 2006 95

Fig. 4c: Seasonal variation in river water sample Ca (mg/l), Mg (mg/l), Na(mg/l) and K (mg/l) in six study sites during the year 2004-2006 96

Fig. 5a: Seasonal variation in river water sample Iron (mg/l), Copper (mg/l) and Zinc (mg/l) in six study sites during the year 2004-2006 97
Fig. 5b: Seasonal variation in river water sample Nickel (mg/l), Chromium (mg/l) and Lead (mg/l) in six study sites during the year 2004-2006

Fig. 6a: Density (no/ml) of phytoplankton in site 1 and site 2 during the years 2004–2006.

Fig. 6b: Density (no/ml) of phytoplankton in site 3 and site 4 during the years 2004-2006.

Fig. 6c: Density (no/ml) of phytoplankton in site 5 and site 6 during the years 2004-2006

Fig. 7a: Seasonal variation in the density (no/ml) of Chlorophyceae, Bacillariophyceae and Xanthophyceae in the study sites during the years 2004-2006

Fig. 7b: Seasonal variation in the density (no/ml) of Myxophyceae and Euglenophyceae in the study sites during the years 2004 - 2006
Fig. 3a: Seasonal variation in river water sample Temperature (°C), pH and dissolved Oxygen (DO: mg/l) in six study sites during the year 2004 - 2006
Fig. 3b: Seasonal variation in river water sample BOD (mg/l), Total Alkalinity (mg/l) and Conductivity (μScm⁻¹) in six study sites during the year 2004 - 2006.
Fig. 3c: Seasonal variation in river water sample Turbidity (NTU), Total Solids (mg/l) and Total hardness (mg/l) in six study sites during the year 2004 - 2006.
Fig. 4a: Seasonal variation in river water sample $\text{CO}_3$ (mg/l), $\text{HCO}_3$ (mg/l), and $\text{NH}_3\text{N}$ (mg/l) in six study sites during the year 2004 - 2006.
Fig. 4b: Seasonal variation in river water sample Cl (mg/l), PO₄ (mg/l) and SO₄ (mg/l) in six study sites during the year 2004 - 2006.
Fig. 4c: Seasonal variation in river water sample Ca (mg/l), Mg (mg/l), Na(mg/l) and K (mg/l) in six study sites during the year 2004 - 2006.
Fig. 5a: Seasonal variation in river water sample Iron (mg/l), Copper (mg/l) and Zinc (mg/l) in six study sites during the year 2004 - 2006
Fig. 5b: Seasonal variation in river water sample Nickel (mg/l), Chromium (mg/l) and Lead (mg/l) in six study sites during the year 2004 - 2006.
Fig. 6a. Density (no/ml) of phytoplankton in site 1 and site 2 during the years 2004 – 2006.
Fig. 6b: Density (no/ml) of phytoplankton in site 3 and site 4 during the years 2004-2006.
Fig. 6c: Density (no/ml) of phytoplankton in site 5 and site 6 during the years 2004-2006.
Fig. 7a: Seasonal variation in the density (no/ml) of Chlorophyceae, Bacillariophyceae and Xanthophyceae in the study sites during the years 2004-2006.
Fig. 7b: Seasonal variation in the density (no/ml) of Myxophyceae and Euglenophyceae in the study sites during the years 2004 - 2006
