CHAPTER-2
OBJECTIVES
2 OBJECTIVES

The objectives of the present study include:

1. Study of road-deposited sediments (RDS) of Allahabad city and variation in physico-chemical properties of spherules occurring within the RDS, in space and time,

2. To ascertain the source(s) of spherules of Allahabad, and,

3. To compare spherules occurring within the RDS of Allahabad city with available data on microtektites, impact spherules and cosmic spherules to demonstrate their similarities and differences.
