ACKNOWLEDGEMENT

The author acknowledges ALMIGHTY GOD for his inspiration and wisdom to carry out the present research work. The author wishes to place his profound gratitude to family members, especially wife Mrs. J.V.Jenefa for her encouragement to step into full time research work.

The author expresses his deep gratitude to his research guide Dr.N.Murugan, Professor, Department of Mechanical Engineering, Coimbatore Institute of Technology for his continuous support, valuable guidance and constant encouragement throughout this research work. His thanks are due to Dr.R.Prabhakar, Secretary and Dr.V.Selladurai, Principal, Coimbatore Institute of Technology for their support. The author also thanks his doctoral committee members, Dr.S.S.Mohamed Nazirudeen and Dr.P.K.Palani for providing valuable comments and suggestions during this research work.

The author acknowledges Department of Science and Technology (DST), Govt. of India for providing INSPIRE fellowship to carry out full time research work. The author acknowledges Dr.S.Darius Gnanaraj, Director-IPR, Dr.P.P.Appasamy, Vice Chancellor and Dr.Anne Mary Fernandez, Registrar, Karunya University for sanctioning study leave to do full time research work. The author acknowledges Dr.T.V.Christy, Dr.R.Narayanan, Mr.S.Gopalakrishnan, Mr.S.J.Vijay, Mr.K.Kalaiselvan, Mr.B.Ashok Kumar, Mr.M.Thambidurai, Mr.M.V.Venkatesh, Mr.A.Samson Ratnakumar, Mr.A.Raja, Mr.S.Ganaprakasam and Mr.P.Mahalingam for their contributions to execute this research work.

The author is thankful to Mr.Ravi (M/s Ultimate Enterprises), Mr.Swamy (M/s Swamp Equipments), Mr.Vijay Ganesh (M/s V-TECH Engineering Works), Mr.Paul (M/s Premier EDM Works) and Mr.Palanisamy (M/s Nanotech Automation Systems).
