

Acknowledgements

I extend my heartfelt gratitude and indebtedness to Dr. P. C. Ravindran, Reader, School of Biosciences and Dr. M. S. Latha, Lecturer, School of Biosciences, for their benevolent and inspiring guidance, generous help, encouragement and valuable suggestions throughout the course of this work.

I am greatly indebted to Dr. S. Shashidhar, Director, School of Biosciences, for the academic inspiration, kind help and advises given to me.

I express my sincere thanks to all other teachers in the School of Biosciences, my co-workers, for the co-operation, encouragement and help.

I take this opportunity to thank Dr. M. Chandrasekaran, Head of the Department of Biotechnology, Cochin University of Science and Technology, for the timely advises in certain situations.

I acknowledge with pleasure the whole hearted co-operation and help received from Dr. Ivo Safarik, Department of Analytical Chemistry and Biochemistry, Institute of Landscape Ecology, Branisovska, Ceske Budejovice, Czech Republic.

My sincere thanks are also due to Dr. A. Maya, former Head of the Department of Microbiology, S. S. College, Kalady and Mrs. Susan Varghese, Soil Chemist, District Soil Testing Laboratory, Palakkad.

I thank all the technical and non-teaching staff members of School of Biosciences, for the help rendered to me.

A special word of thanks is due to the Research scholars and to my students in the School of Biosciences, for their co-operation and daily help.

Here I remember late Byju Thomas, my cousin, who did the photographic works in this study.

I will be failing in my duty if I do not express my thanks to the members of my family, my friends and well-wishers, for their constant inspiration, encouragement and support given to me.

I would like to thank Mr. Robin Sebastian, M/s Copy Write, Ettumanoor, for the perfect realisation in word processing and documentation of this thesis.
