ACKNOWLEDGEMENT

Foremost, I would like to express my sincere gratitude to my advisor Prof. Dr Madhurima Dikshit for the continuous support of my Ph.D study and research, for her patience, motivation, enthusiasm, and immense knowledge. Her guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study.

An enormous number of Scientists have contributed to the knowledge described in this thesis, I apologize if I fail to adequately identify contribution in the reference section, the oversight was not intentional but rather reflection of the overwhelming number of contributors to this field.

I thank my family for their unconditional support, My Teachers at School, College and University, these individuals imparted the skills needed to be both successful researcher and Science Educator and for this I am grateful.

I am also indebted to the Principal of my College Dr. Arun D Adsool Sir, Dr S R Chaphalkar Madam, Director VSBT, Head Biotechnology and Microbiology Department for their valuable support. Dr M S Patole, Scientist E, NCCS, Pune Sir for all his help.

I acknowledge my colleges, who had always been besides me.
