Graph 5.1.a: PAT and Networth of Company 1 ............................................................. 76
Graph 5.2.a: Z-score values of Company 1 ................................................................. 79
Graph 5.3.b: Profit after Tax (PAT) and Networth of Company 2 .............................. 99
Graph 5.4.b: Liquidity position of Company 2 ............................................................ 100
Graph 5.5.b: Z score of Company 2 during the years 1999 to 2009 ............................ 102
Graph 6.1.a: PAT and Networth of Company 3 .......................................................... 115
Graph 6.2.a: Z-score values of Company 3 ................................................................. 117
Graph 6.3.a: Degree of Financial Leverage and EPS of Company 3 ......................... 120
Graph 6.1.b: Profit after Tax (PAT) and Networth of Company 4 during the years 1999 to 2009 ................................................................. 129
Graph 6.2.b: Z-Score values of Company 4 for the years 1999 to 2009 ....................... 131
Graph 7.1.a: Z-Score values of Company 5 for the years 1999 to 2009 ....................... 146
Graph 7.2.b: Profit after Tax (PAT) and Networth of Company 6 ............................ 161
Graph 7.3.b: Z-score values of Company 6 ................................................................. 162
Graph 8.1.a: Profit After Tax(PAT) and Networth(NW) of the Company 7 .............. 177
Graph 8.1.b: Growth of Indian Composite Industry ..................................................... 191
Graph 8.1.b: PAT and Networth of Company 8 ........................................................... 195
Graph 8.2.b: Z-score values of Company 8 ................................................................. 198
Graph 9.1.a: Graph showing the commonly observed internal causes of Industrial sickness of Illustrative cases......................................................... 210
Graph 9.1.b: Graph showing the commonly observed external causes of Industrial sickness of Illustrative cases......................................................... 210
Graph 9.2.a: Graph showing the comparative principal factor-1 of causal variables of successful and unsuccessful turnarounds of illustrative cases ....................... 213
Graph 9.2 b: Graph showing the comparative principal factor-2 of causal variables of successful and unsuccessful turnarounds of illustrative cases ............ 213
Graph 9.2 c: Graph showing the comparative principal factor-3 of causal variables of successful and unsuccessful turnarounds of illustrative cases .......................... 214

Graph 9.2 d: Graph showing the comparative principal factor-4 of causal variables of successful and unsuccessful turnarounds of illustrative cases .......................... 214

Graph 9.2 e: Graph showing the comparative principal factor-5 of causal variables of successful and unsuccessful turnarounds of illustrative cases .......................... 215

Graph 9.2 f: Graph showing the comparative principal factor-6 of causal variables of successful and unsuccessful turnarounds of illustrative cases .......................... 215

Graph 9.3.a: Graph showing the commonly observed turnaround strategies in illustrative cases Marketing (M) and Financial(F) ................................................................. 220

Graph 9.3.b: Graph showing the commonly observed turnaround strategies in illustrative cases Human Resources (HR), Production (POS and Corporate Planning(CP) ....................................................................................... 221

Graph 9.4.a: Graph showing the principal factor-1 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 221

Graph 9.4.b: Graph showing the principal factor-2 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 222

Graph 9.4.c: Graph showing the principal factor-3 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 222

Graph 9.4.d: Graph showing the principal factor-4 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 223

Graph 9.4.e: Graph showing the principal factor-5 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 223

Graph 9.4.f: Graph showing the principal factor-6 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 224

Graph 9.4.g: Graph showing the principal factor-7 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 224

Graph 9.4.h: Graph showing the principal factor-8 of strategy variables in successful and unsuccessful turnarounds in illustrative cases ................................. 225

Graph 9.5.a: Graph showing the Principal factor-1 of causal variables in private and public sector turnarounds in illustrative cases ............................................. 228

Graph 9.5.b: Graph showing the Principal factor-2 of causal variables in private and public sector turnarounds in illustrative cases ............................................. 228
Graph 9.5.c: Graph showing the Principal factor-3 of causal variables in private and public sector turnarounds in illustrative cases ........................................ 229
Graph 9.5.d: Graph showing the Principal factor-4 of causal variables in private and public sector turnarounds in illustrative cases ........................................ 229
Graph 9.5.e: Graph showing the Principal factor-5 of causal variables in private and public sector turnarounds in illustrative cases ........................................ 230
Graph 9.6.a: Graph showing the Principal factor-1 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 234
Graph 9.6.b: Graph showing the Principal factor-2 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 234
Graph 9.6.c.: Graph showing the Principal factor-3 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 235
Graph 9.6.d.: Graph showing the Principal factor-4 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 235
Graph 9.6.e.: Graph showing the Principal factor-5 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 236
Graph 9.6.f.: Graph showing the Principal factor-6 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 236
Graph 9.6.g.: Graph showing the Principal factor-7 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 237
Graph 9.6.h.: Graph showing the Principal factor-8 of strategy variables in private and public sector turnarounds in illustrative cases ........................................ 237
