Chapter II

REVIEW OF LITERATURE

2.1 Conceptual framework ................................................................. 33
2.2 Adolescent development theories ................................................. 35
2.3 Review of studies ........................................................................... 38
   2.3.1 Adolescent development intervention studies ......................... 38
   2.3.2 Studies on health, nutrition and lifestyle during adolescence .... 69
   2.3.3 Studies on adolescent interpersonal relationships .................... 74
   2.3.4 Studies on reproductive health of adolescents ...................... 78
   2.3.5 Studies on adolescents ‘self’ and ‘identity’ development ......... 82
2.4 Summary ....................................................................................... 86

Chapter III

RESEARCH METHODOLOGY

3.1 Background of the present study .................................................... 87
3.2 Need for the study ......................................................................... 87
3.3 Scope of the study ........................................................................ 88
3.4 Research Design ........................................................................... 89
3.5 Objectives of the study ................................................................. 90
3.6 Hypothesis .................................................................................... 90
3.7 Definitions of key concepts ............................................................. 91
3.8 Population for the study ................................................................. 93
3.9 Sampling ....................................................................................... 93
   3.9.1 Phase I - Sample selection ..................................................... 96
   3.9.2 Phase II-Sample selection ..................................................... 98
3.10 Inclusion Criteria ......................................................................... 100
3.11 Exclusion Criteria ....................................................................... 100
3.12 Preparation and Standardization of the Intervention Programme on adolescent development ................................................. 101
   3.12.1 Module I-Self Awareness ....................................................... 102
   3.12.2 Module II-Interpersonal Relationship .................................... 103
   3.12.3 Module III-Healthy Living .................................................... 103
Chapter IV
ANALYSIS OF RESULTS

4.1 PART I-Adolescent Girls’ Scheme implementation
  4.1.1 ICDS and Adolescent Girls ..........................119
  4.1.2 Vision behind the scheme ..........................................121
  4.1.3 Objectives of the scheme ..........................................121
  4.1.4 Services under AG Scheme ..........................................122
  4.1.5 Evaluation study by NIPCCD on Ag scheme ..................123
  4.1.6 Revised proposal for Ag scheme implementation ..........124
  4.1.7 Kishori Shakti Yojana ..........................................125
  4.1.8 KSY Implementation –National Picture ........................125
  4.1.9 Studies on the KSY Implementation ..........................130
  4.1.10 Critical Appraisal of KSY Scheme-National Scene .........133
4.1.11 SABLA-Rajiv Gandhi Scheme for Empowerment of Adolescent Girls .......................................................... 135
4.1.12 Adolescent girls’ Scheme Implementation in Kerala ................. 138
4.1.13 Expenditure Details on AG Scheme Implementation in Kerala .................. 140
4.1.14 KSY Beneficiary Details .................................................. 141
4.1.15 KSY Implementation in the Financial Year 2006-07................. 142
4.1.16 KSY Implementation- Personal Experience .......................... 143
4.1.17 KSY Implementation in the Financial Year 2007-08.................. 144
4.1.18 KSY Implementation from 2008-09 Onwards........................ 145
4.1.19 Evaluation Study on AG Scheme Implementation in Kerala .... 146
4.1.20 Critical appraisal of AG Scheme implementation in Kerala ........ 148

4.2 PART-II Results of the Field Study
4.2.1 Data from the anganwadi workers ...................................... 152
4.2.2 Data from the Supervisors .............................................. 166
4.2.3 Data from the project officers ........................................... 173
4.2.4 Summary of the field study .............................................. 174

4.3. Part III-Utility of the adolescent development education programme
4.3.1 Socio demographic details of the adolescent girl respondents .............. 176
4.3.2 Comparison of experimental and control group with respect to socio-demographic factors .. 186
4.3.3 Descriptive details of the two groups on various study variable ......... 190
4.3.4 Comparison of the two groups on the various study variables at the pre test .................. 198
4.3.5 Comparison of the two groups on various study variables at the post test ............. 201
4.3.6 Summary of part IV ......................................................... 209

PART IV-Feasibility of the training programme on adolescent development
4.4.1 Process evaluation by the master trainers ............................... 211
4.4.2 Process evaluation by the participant girls ................................ 212
4.4.3 Observation report ......................................................... 213
4.4.4 Evaluation of module 1-Self awareness .................................. 213
4.4.5 Evaluation of module 2-Interpersonal relationship .................... 217
4.4.6 Evaluation of module 3-Healthy living .................................. 222
Chapter V
FINDINGS AND RECOMMENDATIONS

5.1 Introduction ........................................................................................................237
5.2 Objectives of the study .......................................................................................237
5.3 Objective 1 Evaluation of the implementation of the non nutritional component of the adolescent girls’ scheme of ICDS ..................239
5.3.1 AG Scheme implementation at the national level .........................239
5.3.2 Critical appraisal of the new proposal ..................................................242
5.3.3 AG Scheme implementation in the state of Kerala ...................243
5.4 Objective 2-ICDS functionaries need perception for a training programme on adolescent development .................................................247
5.4.1 Workers’ opinion ..................................................................................247
5.4.2 Supervisors’ opinion ..........................................................................249
5.4.3 Project officers’ opinion ...................................................................251
5.5 Objective 3- Utility of the training programme conducted by the anganwadi workers on adolescent development .........................252
5.6 Objective 4- Feasibility of the training programme developed for adolescent education .................................................................259
5.7 Implications of the study ...............................................................................265
5.8 Suggestions to improve AG scheme implementation .................................266
5.9 Policy and programme level implications ......................................................270
5.10 Implications for social work practice ...........................................................271
5.11 Implications for social work practice with the adolescents ...............273
5.12 Implications for social work research ..........................................................274
5.13 Limitations of the present study .................................................................274
5.14 Recommendations for future studies ..........................................................275
5.15 Conclusion ....................................................................................................275
