ACKNOWLEDGEMENT

The inspiration, enthusiasm and passion of attaining higher education is the outcome of the massive contribution of my mentors who always remained inclined to erect my glimmering future and beckoned the hope of mending an extremely scintillating career and this thesis is the complete reflection of their efforts.

It was not only an opportunity but also a blessing to complete this research work under the auspicious supervision and erudite guidance of Dr. (Mrs.) Gita Chawla, Associate Professor, Department of Pharmaceutical Chemistry, Faculty of Pharmacy, Hamdard University, New Delhi. She provided me the much needed constructive criticism, unending inspiration, valuable thoughts, encouragement, untiring and constant help. Her timely suggestions, keen interest and illuminating counseling made this research possible. Above all, her positive attitude made this journey, a challenging, enjoyable, rewarding and stimulating experience.

I feel pleasure in expressing my sincere thanks to my co-supervisor Dr. (Mrs.) Sandhya Bawa, Associate Professor, Department of Pharmaceutical Chemistry, Faculty of Pharmacy, Hamdard University, New Delhi, for her suggestions and encouragement. I am indeed very fortunate to work under her guidance.

I consider myself honored to pay my humble gratitude to Prof. Nadeem Siddiqui, Head, Department of Pharmaceutical Chemistry, Faculty of Pharmacy, Hamdard University, for his vast experience and extended concern during the period of research work.

I am immensely grateful to Prof. Asgar Ali, Dean, Faculty of Pharmacy, Jamia Hamdard, for his support and encouragement.

I am highly thankful to Dr. G. N. Qazi, Hon’ble Vice Chancellor, Jamia Hamdard, for giving me chance to do this work and making it possible for me to finally finish the study, despite all difficulties and obstacles.
There are no words to express the feeling of gratitude, I have in my heart, for Late Alhaaj Janab Hakeem Abdul Hameed Saheb, Founder, Chancellor (former), Jamia Hamdard (Hamdard University) and Mr. Abdul Mueed Saheb, for the creation of the temple of knowledge called ‘Jamia Hamdard’.

I am grateful to all the teachers of Department of Pharmaceutical Chemistry for their good wishes.

My sincere thanks to the entire lab staff of Department of Pharmaceutical Chemistry especially, Mr. Masood Ali, Mr. Najmul and Mr. Sami for their valuable help.

I am grateful to Prof. K. K. Pillai, Head, Department of Pharmacology, Jamia Hamdard, the Incharge of Animal House for providing the help and resources in carrying out the animal activity.

My due gratitude to the librarians of the faculty of pharmacy and central library, Jamia Hamdard; INSDOC, IIT, New Delhi and NML, New Delhi for permitting me to use library facilities for the collection of literature and data of my work.

I would like to thank the staff members of the laboratories of CIF, Jamia Hamdard; IIT, New Delhi; Arbro Pharmaceuticals, New Delhi and MIET, Meerut for recording the spectra of the compounds.

I am highly thankful to maiden Pharmaceuticals, Baddi for providing gift samples of drugs.

I extend my warm thanks to my colleagues Rajeev, Jaseela, Sarafroz, Ravinesh, Sooraj, Shamsher & Wasim for their co-operation during my work and among whose company I spent my memorable days.

I thank my friends Dr. Nitin, Dr. Mustaqueem, Dr. Suresh, Rakesh Yadav, Mayank Banshal, Omveer, Devender Nain, Vijay Rana, Dharmendra, Suruchi, Puneet, Vinay, Bhulan, Priyadarshan, Hemant and Anil for their encouragement.
I consider myself lucky to have really supportive juniors, especially, Jagdish and Rashid.

I would like to thank everyone who directly or indirectly helped me in my dissertation work.

I would like to thank the almighty for blessing me with the most wonderful and open minded beloved parents, Shri Ranvir Singh and Smt. Krishna for their love, support, sacrifice and prayers that encouraged me to realize their dreams. I anchor my moral and emotional support to my sister Sangeeta, niece Divya and nephew Divyansh and other family members and relatives especially Dr. Name Singh who were instrumental in completion of this work.

I would like to express my deep sense of gratitude to my dear wife Rekha for her immense love, care, sacrifice and also for giving me the strength to face any situation in life. I convey emotional feelings towards my children Manuraj and Tanishka.

At the end I bow in reverence of God, the creator of this universe for providing enough patience, zeal and strength that enabled me to complete this dissertation successfully.

UMESH KUMAR
