ACKNOWLEDGEMENT

The author expresses her profound gratitude and thanks to her guide Dr. N. Murugan, Professor of Mechanical Engineering, Coimbatore Institute of Technology, Coimbatore, for his continuous support, valuable guidance and constant encouragement throughout this research work.

The author is greatly indebted to Dr. V. Selladurai, Principal, Dr. S. Dhandapani, Former HOD and Management CIT for the facilities they had provided to conduct this research work. The author wish to thank doctoral committee members Dr. G. Ravichandran and Dr. P. Gopalakrishnan, for providing valuable comments and suggestions.

The author thanks Mr. T. Subbiah, Former AGM, Valve production, BHEL, Trichy, Mr. A. Nexo, Senior Manager, BHEL, Trichy for providing components, powders and facilities to carry out the research work. The author is indebted to Dr. K. Manonmani, Dr. K. Punitharani and Dr. R. Narayanan for their support during the research work.

The author wholeheartedly thanks her parents, husband and friends who sacrificed a lot during her research period. The author sincerely thanks GOD for his mercy by which the entire research work is completed successfully.
