ACKNOWLEDGEMENT

First and foremost, praises and thanks to the God Almighty for his showers of blessings and energy rendered to carry out my research work successfully, and his blessings offered me a constant stream of devotion towards this research task.

I would like to express my gratitude and indebtedness to my venerable research advisor Dr. A. SOLAIRAJU, M.Sc., PGDCA., Ph.D., Associate Professor of Mathematics, Jamal Mohamed College (Autonomous), Tiruchirappalli, for his never-ending valuable suggestions and timely guidance. He went through all my results meticulously and his invaluable guidance and praise-worthy help offered in the course of preparation and completion of this thesis successfully. He is served for giving me the golden opportunity to pursue the research under him. His dynamism, vision, sincerity and motivation have deeply inspired me. It was a great privilege and honor for me to work and study under his guidance and supervision. I would also like to thank him for his friendship, empathy, and great sense of humor. I am also extending my heartfelt thanks to his family members for their acceptance and patience during the discussion I had with him on research work and thesis preparation.

I express my hearty thanks to Hajee Dr. A. K. Khaja Nazeemudeen, D. Litt (USA), Secretary and Correspondent, Hajee K. A. Khaleel Ahamed (Former Treasurer), and Hajee M. J.
