ACKNOWLEDGEMENT

I am greatly indebted to my supervising teachers, Dr. Baby Kuriakose, Deputy Director, Rubber Research Institute of India and Dr. Sabu Thomas, Lecturer, School of Chemical Sciences, Mahatma Gandhi University, for kindly suggesting the problem and for their valuable guidance and encouragement throughout the course of the investigations.

I am extremely grateful to Dr. M.R. Sethuraj, Director, Rubber Research Institute of India for permitting me to utilise the Library and Laboratory facilities of the Institute. I express my gratitude to Dr. N.M. Mathew, Deputy Director, Rubber Chemistry, Physics and Technology Division of Rubber Research Institute of India for his valuable suggestions. I am extremely thankful to Dr. V.N. Rajashekar Pillai, Director, School of Chemical Sciences, Mahatma Gandhi University for his continued support and encouragement.

I am extremely grateful to Mr. Siby Varghese, Junior Scientist, Rubber Research Institute of India for his immense help throughout these investigations. I am very much thankful to Mrs. C.K. Premalatha, Assistant Technical Officer and the Scientists and Staff of Rubber Chemistry, Physics and Technology Division of Rubber Research Institute of India for their assistance and help
in carrying out this work. The co-operation extended by the Documentation Officer and Staff of the RII Library is acknowledged with thanks.

I express my sincere thanks to the Faculty Members and the Scholars, especially to Mr. Kuruvilla Joseph, of School of Chemical Sciences of Mahatma Gandhi University for the whole-hearted help given to me.

I am thankful to University authorities for granting the junior research fellowship for my research work.

The strenuous effort put by Mr. Mathews T. Itty and Mr. K.A. James for making the drawing neat and legible is gratefully acknowledged.

The encouragement and co-operation from my parents and brothers are also acknowledged.
