ACKNOWLEDGEMENT

Words fail to express my deep sense of gratitude to Dr. K. K. Dixit, Reader and Head, Department of Mathematics, Janta College, Bakewar, Etawah for suggesting the problems and for his valuable guidance throughout the course of the present work. The constant encouragement and the inspiring academic discussions with him have always led me out of my difficulties.

I feel it my duty to record my heart-felt gratefulness to Dr. S.L. Shukla, Principal, Janta College, Bakewar, Etawah for his keen interest and valuable help in the progress of the present work. The affection he has shown to me can never be forgotten. I extend my gratitude to Sri. A.S. Misra, secretary Janta College, Bakewar, Etawah for giving me the opportunity to do this work and for providing me all the facilities at his disposal and to Dr. K.N. Awasthi, Retd. Head, Department of Mathematics, D.A.V. College, Kanpur for his kind patronage.

I am thankful to Dr. A.L. Pathak, Head, Department of Mathematics, B.N.D. College, Kanpur, Dr. (Mrs) Nalini Shukla, Reader, Department of Mathematics, Janta College, Bakewar, Etawah and many more friends who helped me directly or indirectly during the progress of this work.

I am also obliged to express my gratitude with my heart to my mother Smt. Kusuma Agnihotri who sacrificed every thing for my welfare even in the absence of my father as it was very difficult for a rural and domestic lady to provide all possible facilities.

Finally, I am thankful to my life companion Mrs. Renu Agnihotri, for her understanding and patience throughout the course of the work.
