1. Research paper titled – “Measurements of contact angle ‘θ’ of Benzene
dervatives and water interface and influence of cationic. Anionic non-ionic
surfactants”, by Man Singh & Vishal Choudary, orally presented and published
at Europolymer Congress 2003 held at Stockholm (Sweden).

2. “Interfacial tension of hydrocarbons (Benzene and Xylene) with aqueous
pyridinium chloride at 20° and 25° C”, by Singh M., Choudhary V- published

3. “Wetting coefficients of water +hydrocarbon system by alkyl pyridinium salts
at 20°, 25° and 30° C” by Singh M. Choudhary V-presented and published in
38” macromolecular IUPAC symposium- Poland.

4. “Specific and Apparent Molar Heat Capacities for Alkyl Pyridinium surfactants
in water + Benzene and its Derivatives (Toluene and Xylene) by M. Singh and
V. Choudhary presented and published in Xth National conference on
Surfactants emulsion and Bio Collords at Shilong.

5. “A new approach for interfacial tension determination” by Singh M and
Choudhary V Published in Resonance- A Journal of Science Education.

6. Two papers under communication with Journal of Chemical thermodynamic
and Journal of Solution Chemistry.
