ACKNOWLEDGEMENTS

It gives me an immense pleasure to express my profound sincere gratitude to my beloved teacher and research supervisor Dr. K.B. Chandrasekhar, Professor and Director R&D, Jawaharlal Nehru Technological University Anantapur, Ananthapuramu. He gave tireless efforts through discussions and valuable suggestions ensured the success of this undertaking. I am in great debt to my teacher, who not only instructed me in my work, but also opened the path for higher knowledge. His critical advice as a teacher and friendly nature has greatly helped and inspired me to submit this thesis in the present form. I hereby record my sincere and affectionate gratitude for what all he has done during my research work.

I am grateful to Prof. K. Hema Chandra Reddy, Registrar, Jawaharlal Nehru Technological University Anantapur and Prof. Y. Krishna Reddy, Director, APIIIT RK-Valley, Idupulapaya for their help and encouragement towards my research work.

I humbly express my special thanks to Dr. E.C. Surendranatha Reddy, Asst. Professor, Department of Genetics and Genomics, Yogi Vemana University, Kadapa for kind cooperation and friendly advices with inspiring motivation, valuable attention and extended technical help during my research work. I am also grateful to Dr. S. Rajagopal Reddy, Department of Botany, Yogi Vemana University, Kadapa, for his enthusiastic encouragement in all respects of my research investigation.
I also express my sincere thanks to Dr. Loka Subramanyam Sarma, Asst. Professor, Department of Chemistry, Yogi Vemana University, Kadapa, for his help in research publications. My extending thanks to Dr. K. Venkata Reddy, S.K University, Ananthapuramu, for his initiation and encouragement for my research work.

The persons behind the screen right from the thought of doing this thesis work to the state of completing it is none other than my beloved parents, wife and children, for their blessings, encouragements and moral support in this task of research work.

Last but not least my deep gratitude to the Lord Shiridi Sai Baba for his blessing to complete this research work successfully.

L. SRIKANTH REDDY
