ACKNOWLEDGEMENT

It is my privilege to express my deep sense of gratitude and affection to my research supervisor Dr. G. Devaradjane, Professor & Head, Department of Automobile Engineering, Anna University, Chennai for his surpassing research guidance, unflinching encouragement, magnanimous support and energetic cooperation which were instrumental in finishing the work successfully. Without his research guidance, advice and constant encouragement my research work would not have materialized.

I wish to place on record my sense of gratitude to Dr. P. Mannar Jawahar, Vice-Chancellor, Anna University for his encouragement and support during the course of my research work. I am extremely thankful to the Doctoral committee members Dr. S. Dhandapani, Principal, Dr. N.G.P institute of technology, Coimbatore and Dr. N.V. Mahalakshmi, Professor, Department of Mechanical Engineering, Anna University, Chennai for their valuable suggestions during the course of my research work.

I thank the management of Hindustan University for extending the lab facilities during the course of my research work. I thank Dr. M. Subramanian, Professor and Head, Automobile department, Hindustan University for his valuable suggestions. I also extend my thanks to Dr. T.S.Ravikumar, Professor and Head, Mechanical department, Hindustan University for his immense help and assistance during my research work.

My sincere thanks to all the staff members of Automobile engineering department, Anna University for their valuable suggestions during the course of my research work.

I acknowledge that this research work would not have been completed without the moral support of my parents and S.Kalpana, my wife.

SUDESH KUMAR M P
