

ACKNOWLEDGEMENT

I thank Almighty God, for his great love, care, grace and abundant blessings on me throughout my life journey and research work.

I would like to express my sincere and deepest gratitude to my supervisor, **Dr. S.Kalyanaraman**, Principal Rtd., Sri Paramakalyani College, for his expertise, invaluable guidance, constant encouragement, attitude, understanding, patience and healthy criticism added considerably to my experience. Without his continual inspiration, it would have not been possible to complete this study.

My swell of hearty thanks must be dedicated to Late. Dr. Alex Devadoss, Associate Professor of Physics, St.John's College, Palayamkottai to who gave me the motivation, hope and opportunity to carry out the research work.

I owe my special thanks to Sri Paramakalyani College, Alwarkurichi for providing necessary laboratory facilities.

I owe my most sincere gratitude to Dr. R. Biju Bennie, Dr. D. S. Ivan Jebakumar, Dr. R. Vettumperumal, and Dr. C. Joel for their valuable suggestions and contributions to my work that have been very helpful for this study.

I gratefully acknowledge Dr. C. Vedhi, Associate Professor of physics, D. Esther Nancy and my friends in organizing the thesis work in a nice manner. I thank all the scholars of my guide for their ideas and concepts that have had a remarkable influence on my entire work in the field.

I convey hearty thanks to the staff members of Department of Physics, USIC, Alagappa University, Department of Chemistry, VOC College, Thoothukudi, for their help to do the characterisation techniques.

My heartfelt and special thanks to my parents, my husband, my children, and my brother for their support and motivation in various ways to accomplish my research work.

J. RUBY JEMIMA
