

List of Publications

- (1) Oscillation of even order impulsive partial differential equations with deviating arguments, *International Journal of Pure and Applied Mathematics*, 115 (9) (2017) 83–91.
- (2) Oscillation of even order impulsive neutral partial differential equations with distributed deviating arguments, *Journal of Computational Mathematics*, 1 (2017) 39–61.
- (3) On the oscillation of higher order impulsive neutral partial differential equations with distributed deviating arguments, *International Journal of Computing Algorithms*, 6 (1) (2017) 5–15.
- (4) Oscillation of even order impulsive neutral partial differential equations with distributed delay and damping, *International Journal of Modern Science and Technology*, 2 (4) (2017) 158–167.
- (5) On the oscillation of impulsive neutral partial differential equations with distributed deviating arguments and damping term, *Journal of Computational Mathematics*, 1 (2017) 72–88.
- (6) Oscillation of impulsive neutral partial differential equations with distributed deviating arguments, *Bulletin Mathématique*, 1 (2018) 51–68.
- (7) Oscillation of impulsive hyperbolic differential equations with distributed delay, *International Journal of Research in Science* (In press)
