

WORD OF GRATITUDE

*With deep sense of gratitude and indebtedness I express my reverence to my esteemed teacher and guide **Dr. R.K. Singh**, Senior Professor & Head, Department of Biochemistry, Chhatrapati Shahuji Maharaj Medical University (Formerly King George's Medical University), Lucknow. His vast ocean of knowledge, exceptional expression power and his zeal for the subject has earned him international recognition.*

*He has been a constant source of inspiration for me to strive for perfection. His affectionate behaviour, fatherly control, selfless and sympathetic attitude means a lot to me. I am highly indebted to him for all the efforts and pains taken by him in not only seeing this work through but also inculcating in me the zeal to become a good human being and a good scholar. His academic flair constantly reminds me the famous words of Jacques Barzan: "**The test and the use of man's education is that he finds pleasure in exercise of his mind**".*

Let me hope, I am able to imbibe them with heart and soul.
