ACKNOWLEDGEMENT

Most projects involve the collaboration of people, composing this thesis has been no exception.

With deep respect and sense of gratitude, I express my profound thanks to my supervisor Dr. A. Noorul Haq, Professor, Department of Production Engineering, National Institute of Technology, Trichirappalli and Joint Supervisor Dr. T. Selvaraj, Professor, Department of Production Engineering, National Institute of Technology, Trichirappalli, for their invaluable guidance, inspiration and suggestions at every stage of this work. Without their support, this work would not have been possible.

I am delighted to record my deep sense of gratitude and indebtedness to my doctoral committee member Dr. P. Ashokan, Professor, Department of Production Engineering, National Institute of Technology, Trichirappalli, for his unstinted support and valuable guidance throughout the duration of the research. I express my sincere thanks to the Chairman and the Principal of Noorul Islam College of Engineering, Kumaracoil, Kanyakumari Dist, for providing me opportunity to carryout this work.

I am indebted to my parents, mother in law, father in law, my wife and children for their endless love, encouragement and support. I would like to thank all my well wishers and friends especially Mr. N. Albert Singh, Sub Divisional Engineer, BSNL, Nagercoil Telecom Circle, who helped and guided me a lot in completing this work successfully.

Above all, I thank the Almighty for having given me the strength and courage to shape up this work as a grant success.

K. SUDHAGAR
