List of Figures

Fig. 3.1 Area of investigation – Cruise 181 (off Gujarat)
Fig. 3.2 Area of investigation – Cruise 184 (off Quilon to off Gujarat)
Fig. 3.3 Area of investigation – Cruise 191 (off Quilon to Off Mangalore)
Fig. 3.4 Area of investigation – Cruise 197 (off Cochin to off Mangalore)
Fig. 3.5 Area of investigation – Cruise 204 (off Quilon to off Mangalore)

Fig. 4.1 Seasonal variations of Sea Water Temperature at the study area (7 stations) during 2000-02
Fig. 4.2 Seasonal variations of salinity at the study area (7 stations) during 2000-02
Fig. 4.3 Seasonal variations of pH in water at the study area (7 stations) during 2000-02
Fig. 4.4 Seasonal variations of D.O. at the study area (7 stations) during 2000-02
Fig. 4.5 Seasonal variations of nutrients in water at the study area (7 stations) during 2000-02

Fig. 5.1 Seasonal changes in total PAH concentration in water (ng/l) from stations off Cochin
Fig. 5.2 Seasonal Variation in Organic Carbon in sediment from stations off Cochin
Fig. 5.3 Seasonal Variation in percentage of silt in sediment from stations off Cochin

Fig. 5.4 Seasonal Variation in percentage of clay in sediment from stations off Cochin

Fig. 5.5 Seasonal Variation in percentage of sand in sediment from off Cochin

Fig. 5.6 Seasonal changes in total PAH concentration in sediments from stations off Cochin

Fig. 6.1 Comparative levels of PAH in water, sediments and fish from 4 stations in Cruise 181

Fig. 6.2 Comparative levels of PAH in water, sediments and fish from 4 stations in Cruise 184

Fig. 6.3 Comparative levels of PAH in water, sediments and fish from 4 stations in Cruise 191

Fig. 6.4 Comparative levels of PAH in water, sediments and fish from 4 stations in Cruise 197

Fig. 6.5 Comparative levels of PAH in water, sediments and fish from 4 stations in Cruise 204

Fig. 6.6 PAH concentration in fishes in different seasons of study from off Cochin

Fig. 7.1 Concentration of copper in surface water (ppm) 7 stations in off Cochin during 2000-2002
Concentration of cadmium (ppm) in surface water from 7 stations in off Cochin during 2000-2002

Concentration of Nickel in surface water (ppm) from 7 stations in off Cochin during 2000-2002

Concentration of Iron in surface water (ppm) from 7 stations in off Cochin during 2000-2002

Concentration of lead in surface water (ppm) from 7 stations in off Cochin during 2000-2002

Concentration of cadmium in sediments (ppm) from seven stations in off Cochin during 2000-2002

Concentration of copper in sediments (ppm) from seven stations in off Cochin during 2000-2002

Concentration of lead in sediments (ppm) from seven stations in off Cochin during 2000-2002

Heavy metals (ppm wet weight) in various tissues of fishes collected from off Gujarat (Cruise 181)

Heavy metals (ppm wet weight) in whole tissue of fishes from the study area off Gujarat (Cruise 181)

Trace metal concentration in water, sediment and fish from stations off Gujarat (Cruise 181)

Heavy metals (ppm wet weight) in various tissues of fishes collected from Quilon-Gujarat (Cruise 184)
Fig. 8.5 Heavy metals (ppm wet weight) in whole tissues of fishes collected from Quilon-Gujarat (Cruise 184)

Fig. 8.6 Trace metal concentration in water, sediment and fish from stations in off Quilon to Off Gujarat (Cruise 184)

Fig. 8.7 Heavy metal concentration (ppm wet weight) in various tissues of fishes collected from Quilon-Mangalore (Cruise 191)

Fig. 8.8 Heavy metals (ppm wet weight) in whole tissues of fishes collected from Quilon-Mangalore (Cruise 191)

Fig. 8.9 Trace metal concentration in water, sediment and fish from stations in off Quilon to off Mangalore (Cruise 191)

Fig. 8.10 Heavy metals (ppm wet weight) in various tissues of fishes collected from Cochin to Mangalore (Cruise 197)

Fig. 8.11 Heavy metals (ppm wet weight) in whole tissues of fishes collected from Cochin to Mangalore (Cruise 197)

Fig. 8.12 Trace metal concentration in water, sediment and fish from stations in off Cochin to off Mangalore (197)

Fig. 8.13 Heavy metals (ppm wet weight) in various tissues in fishes collected from Quilon-Mangalore (Cruise 204)

Fig. 8.14 Trace metal concentration in water, sediment and fish from stations in off Quilon to off Mangalore

Fig. 8.15 Concentration of cadmium in whole tissue of fishes (ppm wet weight) from off Cochin
Fig. 8.16  Concentration of the cadmium in muscle tissue of fishes (ppm wet weight) from off Cochin

Fig. 8.17  Concentration of the copper in whole tissue of fishes (ppm wet weight) from off Cochin

Fig. 8.18  Concentration of the copper in fish muscle (ppm wet weight) from off Cochin

Fig. 8.19  Concentration of the lead in whole tissue of fishes (ppm wet weight) from off Cochin

Fig. 8.20  Concentration of the lead in fish muscle (ppm wet weight) from off Cochin
