ACKNOWLEDGEMENT

First and foremost I would like to thank and express my deep appreciation to my thesis Guide, advisor and mentor, **Prof. Dr. S. Sundaravadivelu**, for giving me the opportunity to work on such an exciting subject, and for his guidance, support, advice and encouragement, throughout this research work. His words of wisdom and encouragement at critical times are a lesson learnt and a lesson never to forget.

I am deeply indebted and thankful to the Doctoral committee members, Professor **Dr. R. Rajaram** and Professor **Dr. M. Chinnadurai** for their valuable guidance and support. Without their help, this work would not have been possible. Their emphasis on setting the objectives in research has taught me to see things in a different perspective.

I express my heartfelt thanks to Professor **Dr. N. Hariharan** for his encouragement and advice throughout, for his timely help and useful discussions in this research.

In particular I would like to thank **Mr. R. Aravindan** and **Mr. Rakesh Ravindran** of Future Techno Designs Pvt. Ltd, Bangalore for generously helping me to work in CoventorWare software and volunteering their valuable time.

I would like to thank the Chairman and Principal of Jayamatha Engineering College-Aralvoimozhi for their help. The opportunity and motivation to pursue this work would not have been possible without the unwavering support of my parents and wife.

Moreover everything is possible with the blessing of GOD. I adore the GOD for all his help.
