ACKNOWLEDGEMENT

The author is deeply indebted to his guide, Dr. J. Raja Paul Perinbam, Professor, Department of Electronics and Communication Engineering, Guindy, Anna University, Chennai, for his guidance, constant encouragement and support during the research work. His extensive vision and creative thinking has been a source of inspiration for the author throughout the research work.

The author expresses his gratitude to Dr. B. Viswanathan, Principal, Institute of Road and Transport Technology, Erode for providing facilities and support to undertake the research work. The author is deeply thankful to Prof. L. Peter Stanley Bebington, Professor and Head, Department of ECE, Institute of Road and Transport Technology, Erode, for his constant encouragement during the entire research work. The author is much thankful to Mr. S. Saravanan, Senior Lecturer, Department of EEE, Jerusalem College of Engineering, Chennai, for his help at various stages of the research work.
