ACKNOWLEDGEMENT

I express my sincere thanks and deep sense of gratitude to my guide **Dr. R. Gandhinathan**, Professor, Department of Production Engineering, PSG College of Technology, Coimbatore, Tamilnadu, for his continuous supervision and encouragement in carrying out my research. His kindness and patience have helped me a long way in the successful completion of this work. I would also like to thank my Ph.D. doctoral committee members **Dr. B. Rajmohan and Dr. V. Selladurai** for providing valuable comments and suggestions on this work.

I express my sincere thanks to **Dr. R. Rudramoorthy**, Principal, PSG College of Technology, for providing the necessary facilities and support during the research work. I am indebted to thank **Dr. P.V. Mohanram**, Professor and Head, Department of Mechanical Engineering for his valuable suggestions and technical advice, which helped me in improving my research work.

I gratefully acknowledge the support extended by Department of Science and Technology, Government of India, for funding this research work. I also express my thanks to all the staff members and students in the Department of Mechanical and Production Engineering, PSG College of Technology, for their kind help during the period of research. I thank all my friends and family members for their kind co-operation and help during the course of work.

B. GIRIRAJ
