## Chapter - 1

**INTRODUCTION** .............................................................................................. 01 - 36

1.1 Introduction---------------------------------- 01
1.2 Review of Literature ------------------------ 03
1.3 Research Gap------------------------------- 13
1.4 Significance of the study---------------------- 13
1.5 Scope of the Study----------------------------- 14
1.6 Statement of the Problem-------------------- 15
1.7 Objectives of the Study----------------------- 16
1.8 Operational Definitions of Concepts---------- 17
1.9 Hypotheses---------------------------------- 19
1.10 Research Methodology------------------------ 21
  1.10.1 Data source-------------------------------- 21
  1.10.2 Research Approach------------------------- 21
  1.10.3 Period of Survey--------------------------- 22
  1.10.4 Period of Reference------------------------ 22
  1.10.5 Research Instrument----------------------- 22
  1.10.6 The Population---------------------------- 22
  1.10.7 Sampling Design----------------------------- 24
  1.10.8 Pilot Study-------------------------------- 25
  1.10.9 Sample Size------------------------------- 25
  1.10.10 Tools Used for Analysis------------------- 26
1.13 Limitations of the Study-------------------- 29
1.14 Scheme of Presentation-------------------- 30
References------------------------------------------- 31

## Chapter - 2

**AQUACULTURE – AN OVERVIEW** ............................................................. 37 - 90

2.1 History of Aquaculture-------------------------- 37
2.2 Aquaculture – Global Trends and Prospects------- 38
  2.2.1 Global Trends-------------------------------- 38
  2.2.2 Global Concerns------------------------------- 53
  2.2.3 Global Prospects------------------------------- 53
2.3 Aquaculture in India---------------------------- 54
  2.3.1 Fish Production in India---------------------- 55
  2.3.2 Institutions Involved in Fisheries and Aquaculture
       Promotion and Development in India------------ 63
2.4 Aquaculture Development in Kerala

2.4.1 Institutions for the Promotion of Aquaculture in Kerala

2.4.2 Allocation and Expenditure on Inland Fisheries and Aquaculture in State Plans

2.4.3 Programmes implemented for enhancing Aquaculture Production in Kerala

2.4.4 Analysis of Fish Production in Kerala

2.4.5 Potential for Aquaculture Development in Kerala

2.5 Aquaculture Development- the Major Concerns

References

Chapter -3
FARMING DETAILS AND PRODUCTION PRACTICES OF FISH AND CRUSTACEAN FARMERS

3.1 Sample Profile and Occupational Structure

3.1.1 Main Occupation of the Farmers and Generation in Fish Farming

3.1.2 Main Occupation of the Farmer and Experience in Fish farming

3.1.3 Occupational Structure across Districts

3.2 Farming Details

3.2.1 The Nature of Farming

3.2.2 Type of pond used in aquaculture

3.2.3 Type of Ownership of Land Used in Aquaculture

3.2.4 The Actual Owner in the case of Aquaculture in Leased Water Bodies

3.2.5 The Lease Period Allowed for Aquaculture in Leased Water Bodies

3.2.6 Types of Fishes and Crustaceans Cultivated by Farmers

3.2.7 Source of Seed for Farming

3.2.8 Suppliers of Seeds

3.2.9 Farmers Having Nursery and/or Hatchery

3.2.10 Sources of Feed

3.2.11 Suppliers of Feed

3.2.12 Type of Manure Used

3.2.13 Supplier of Manure

3.2.14 Farmers Engaged in Integrated Farming

3.2.15 Supplementary Crop Used for Integration of Agriculture with Aquaculture

3.2.16 Area under Farming

3.2.17 Farmers Trained in Aquaculture
3.2.18 The Reason for Non-participation in Training Programmes 119
3.2.19 Agencies Imparting Training in Aquaculture 120

3.3 Production Practices 121
3.3.1 Pond Construction 121
3.3.2 Anti-weeding 124
3.3.3 Liming 126
3.3.4 Eradication of Predators and Trash Fishes 128
3.3.5 Determination of Stocking Density 129
3.3.6 Determination of Combination Ratios 130
3.3.7 Feeds Used for Rearing Species 131
3.3.8 Frequency of Sampling to Check Weight and Quality 132
3.3.9 Management of Incidence of Diseases 133

3.4 Conclusion 135

Chapter 4
HARVESTING AND REVENUE DETAILS OF FISHES AND CRUSTACEANS 137 - 161
4.1 Harvesting details 138
4.1.1 Harvest period for fishes 138
4.1.2 Harvest Period for Crustaceans 140
4.1.3 Mortality Rate of Fishes 141
4.1.4 Mortality Rate of Crustaceans 142
4.1.5 Causes of Mortality 144
4.1.6 The Number of Harvests for Fishes 151
4.1.7 Number of Harvests of Crustaceans 151
4.1.8 The Reasons for Harvesting Schedule 152
4.1.9 Method of Harvesting 153
4.2 Revenue Details 153
4.2.1 Revenue from Fishes 154
4.2.2 Revenue from Crustaceans 154
4.3 Influence of Various Costs of Aquaculture activities on Revenue from Aquaculture 155
4.4 Conclusion 159

Chapter 5
PRODUCTION PROBLEMS IN AQUACULTURE 163 - 197
5.1 Production Problems 164
5.1.1 Analysis of Production Problems 166
5.1.2 Discriminant Analysis 170
5.1.2.1 Discriminant function between Kollam and Ernakulam 171
