

ACKNOWLEDGMENT

At this moment when I am wrapping my research work for the degree of Doctor of Philosophy (Ph.D.) in Physics, I am highly excited and delighted. I wish to express my grateful appreciation to all those who enabled me to accomplish this piece of work.

“First of all I express my gratitude towards Lord Almighty for all blessings showered upon me”.

With immense pleasure and profound thankfulness, I express my deep sense of gratitude to my Research Supervisor, Dr. Dharamvir Singh Ahlawat, for his creative and skillful guidance in the entire course of work. I am highly indebted to him for valuable and critical suggestions, continuous encouragement, fruitful discussion and moral support from starting stage upto thesis submission. I am really grateful to him for his thorough involvement in bringing out this thesis in the present form. I cannot forget the encouragement, expert guidance and moral support.

I would also like to express my deep gratitude to Late Prof. Praveen Aghamkar, my co-supervisor, for his philosophical insight, experience and scientific thinking.

I am also highly grateful to Prof. Sushil Kumar, Dr. Rachna Ahlawat and Dr. Ram Mehar Dixit the respected faculty members of the Physics Department, CDLU, Sirsa for their help in the completion of administrative formalities as well as their cooperation at each phase of my research work.

My heartfelt thanks are also to the Prof. (Dr.) Vijay Kumar Kayat, Worthy Vice-Chancellor, CDLU, Sirsa for providing necessary facilities and proper environment to complete my Ph.D Degree in Physics. In addition, I would like to thank the Chaudhary Devi Lal University, Sirsa for providing me University Research Scholarship (URS) to smoothly carry out the research work.

I am also thankful to Dr. Ashish Aggarwal, Department of Physics, Guru Jambheshwar University of Science & Technology, Hisar, for his kind help and cooperation.

My sincere thanks to Dr. Rajesh Punia and Dr. Sajjan, Department of Physics, Maharishi Dayanand University, Rohtak for their support and cooperation.

I would like to thank my friends and research mates Saruchi, Surbhi, Rajni, Indu Yadav, Anju, Amrik Singh for their encouragement and timely help. The entire non-

teaching staff of the Department of Physics is also gratefully acknowledged for their help.

Words are inadequate to express my heartfelt feelings for my husband Mr. Amit Kumar who deserves a special mention and made the most conspicuous contribution in making this ambition a reality. His unending patience, understanding and constant personal support helped me to accomplish this work. I also express my loving feelings to my dearest lovable son Ayaan for his spiritual support and for being my motivation to complete my work.

I would like to express deep sense of gratitude, love and affection towards my parents (Sh. Pawan Kumar and Mrs. Neelam Bansal), my mother in law (Mrs. Madhu Bala), my sisters (Bharti and Jyoti), my brother (Rohit), My sister in law (Shippu Singla), My brothers in law (Dinesh Gupta, Vikas Bansal and Dr. Ashish Bahia), my loving niece (Vaanya, Avani and Ananya), my loving nephew (Hitansh and Viaan) for their endless love, support and immense patience during my Ph.D work. A special thanks to my Aunt Mrs. Nidhi Bansal and uncle Dr. Vidya Sagar Bansal for their priceless encouragement.

Last but not the least; I am highly thankful to all those who provided me visible or invisible help during the course of this investigation.

Meenakshi Bansal

CANDIDATE'S DECLARATION

I hereby declare that thesis entitled "Study of Structural and Magnetic Properties of some Metal Nanocomposites: Synthesized by Wet Chemical Route" submitted to the Faculty of Physical Science, Chaudhary Devi Lal University, Sirsa (Haryana) has been carried out by me under the supervision of Dr. Dharamvir Singh Ahlawat, Department of Physics, CDLU, Sirsa. Any kind of support has been obtained from other researcher's work or from any other sources is duly acknowledged wherever required. The entire work is original and has not been submitted in part or full by me for any other degree or diploma to other institute or university. The research work carried out under this thesis is Plagiarism free as per UGC guidelines.
