ACKNOWLEDGEMENT

I take this opportunity to express my heartfelt gratitude to my supervisor Dr. J. RAJA, Professor and Head, Department of Electronics and Communication Engineering, Anna University, Trichy - 620 024 for his encouragement, credible suggestions, constructive ideas and continuous support during the entire course of my research work. His advice on technical matters was invaluable. His guidance and his knowledge were extremely helpful.

I am indebted to our Director Dr. B. Babu Manoharan, of St.Joseph’s College of Engineering, Chennai and Principal Dr. Jolly Abraham, of St.Joseph’s College of engineering, Chennai for their generous support and constant encouragement throughout the period of my research work.

My profound gratitude is to all the faculty members of Department of Instrumentation and Control Engineering and Electronics and Instrumentation Engineering, St.Joseph’s College of Engineering, Chennai for their help during the period of my research period.

In any endeavor of this magnitude, the work at hand could definitely not have been completed without significant input, assistance and patience from my Husband Dr. P. Suresh Mohan Kumar and my children Sahana and Nehal. Finally, it is absolutely true that none of this Ph.D. would have been possible without the love and wholehearted support of my parents and friends.
