ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my Supervisor, Dr. R. Narayanasamy, Professor, Department of Production Engineering, National Institute of Technology, Trichirappalli-620015, for his effective guidance, inspiring suggestions, encouragement and continuous help throughout the course of the investigation. I would also gratefully acknowledge the Doctoral Committee Members, Dr. A. Noorul Haq, Dr. S. Venkatasamy, Dr. T. Selvaraj and Dr. K. M. Karuppannan for their advice, healthy criticism and encouragement throughout the course of my study.

I remain highly indebted to the Dr. K. V. Kuppusamy, Chairman and Dr. C. G. Ravichandran, Principal of R.V.S College of Engineering and Technology, Dindigul, for providing facilities during the course of the investigations. I would like to express my sincere gratitude to all the faculty members of the Mechanical Engineering Department of R.V.S College of Engineering and Technology, Dindigul, for their continuous encouragement and intellectual discussions.

P. PADMANABHAN
