

TABLE OF CONTENTS

Declaration	i
Certificate	ii
Acknowledgement	iii-iv
Table of Contents	v-vii
List of Tables	viii-ix
List of Figures	x
Chapter 1:Introduction	1-18
1.0 Introduction	
Conceptual clarification of the words used in the study	
1.1 Internet	
1.2 Alienation	
1.3 Academic achievement	
1.4 Statement of the problem	
1.5 Operational definitions of the terms used	
1.6 Justification of the study	
1.7 Objectives of the study	
1.8 Hypotheses of the study	
1.9 Delimitations of the study	
1.10 Conclusion	
References	
Chapter 2: Review of the Related Literature	19-64
2.1 Introduction	
2.2 Importance of Literature Review	
2.3 Studies Related to Usage Patterns of Internet	
2.4Studies Related to Alienation	
2.5 Studies Related to Academic Achievement	
2.6 Studies Related to Internet and Alienation	
2.7 Studies Related to Internet and Academic Achievement	
2.8 Studies Related to Alienation and Academic Achievement	
2.9Studies Related to Internet, Alienation and Academic Achievement	
References	

Chapter 3: The Methodology	65-82
3.1 Introduction	
3.2 Research Method	
3.3 Setting of the Study	
3.4 Variables of the Study	
3.5 Population and Sample	
3.6 Instrumentation	
3.7 Description of Tools	
3.8 Procedure of data collection	
3.9 Statistical Techniques Used	
Chapter 4: Analysis and Interpretation of Data	83-134
4.1 Introduction	
Section-I Findings related to the Usage Patterns of Internet among University students	
Section-II Findings related to the level of Alienation among University students	
Section-III Findings related to the correlations among Usage Patterns of Internet, Alienation and Academic Achievement of University Students	
Section-IV Findings related to the comparison between mean scores of Usage Patterns of Internet, Alienation and Academic Achievement of University Students with respect to gender,locality and academic stream.	
Chapter 5: Findings, Suggestions and Implications of the Study	135-144
5.1 Introduction	
Section-I Findings related to the Usage Patterns of Internet among University students	
Section-II Findings related to the level of Alienation among University students	
Section-III Findings related to the correlations among Usage Patterns of Internet, Alienation and Academic	

Achievement of University Students

Section-IV Findings related to the comparison between mean scores of Usage Patterns of Internet, Alienation and Academic Achievement of University Students with respect to gender, locality and academic stream.

5.2 Educational Implications of the Study

5.3 Suggestions for further Research Study

Overview

Summary

145-170

Bibliography

171-182

Appendix

LIST OF TABLES

Table No.	Particulars	Page No.
3.1	Number of students selected gender wise as a sample from different universities	68
3.2	Number of students selected locality wise as a sample from different universities	68
3.3	Number of students selected academic stream wise as a sample from different universities	69
3.4	Indices of Reliability of Student Alienation Scale	75
3.5	Validity of Student Alienation Scale	76
3.6	Dimension-wise Distribution of Items	77
3.7	Percentile Norm for Males	77
3.8	Percentile Norm for Females	78
4.1.1	Device used to Access Internet	84
4.1.2	Experience of Using Internet of University Students	85
4.1.3	Frequency of Browsing internet	86
4.1.4	Total Hours spent weekly on the internet	87
4.1.5	Time preferences for usage internet	88
4.1.6	Purposes of using internet of University Students	89
4.1.7	Places of using internet of University Students	91
4.1.8	Time devoted to Academic Activities by university students	92
4.1.9	Time devoted For GK Enhancement by university students	93
4.4.10	Time devoted for Online shopping by university students	94
4.1.11	Time devoted for Chatting by university students	95
4.1.12	Time devoted for Watching or download Videos/Movies by university students	96
4.2.1	Alienation level of university students	98
4.2.2	Gender basis Alienation level of university students	101
4.2.3	Locality basis Alienation level of university students	101
4.2.4	Academic Stream basis Alienation level of university students	102
4.3.1	Correlation Between Usage Patterns Of Internet And Alienation	104
4.3.2 (a)	Correlation Between Usage Patterns Of Internet (Academic	107

	Purpose And Non-Acadeemic Purpose)And Academic Achievement	
4.3.2 (b)	Correlation Between Different Dimentiations Of Usage Patterns Of Internet And Academic Achievement	108
4.3.1(a)	Correlation Between Alienation And Academic Achievement	110
4.3.1(b)	Correlations Among Usage Patterns Of Internet, Alienation And Academic Achievement	112
4.4.1(a)	Mean Scores of high internet users and low internet users and ‘Alienation’ of Male and Female University Students	114
4.4.1(b)	Summary of ANOVA (2X2) for ‘Alienation’ of high internet users and low internet users of Male and Female University Students	116
4.4.2(a)	Mean Scores of high internet users and low internet users and ‘Alienation’ of Rural and Urban University Students	118
4.4.2(b)	Summary of ANOVA (2X2) for ‘Alienation’ of high internet users and low internet users of Rural and Urban University Students	119
4.4.3(a)	Mean Scores of high internet users and low internet users and ‘Alienation’ of Arts and Sciences University Students	121
4.4.3(b)	Summary of ANOVA (2X2) for ‘Alienation’ of high internet users and low internet users of Arts and Sciences University Students	122
4.4.4(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Male and Female University Students	124
4.4.4(b)	Summary of ANOVA (2X2) for ‘Academic Achievement’ of high internet users and low internet users of Male and Female University Students	126
4.4.5(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Rural and Urban University Students	128
4.4.5(b)	Summary of ANOVA (2X2) for ‘Academic Achievement’ of high internet users and low internet users of Rural and Urban University Students	129
4.4.6(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Arts and Sciences University Students	131
4.4.6(b)	Summary of ANOVA (2X2) for ‘Academic Achievement’ of high internet users and low internet users of Arts and Sciences University Students	133

LIST OF FIGURES

Table No.	Particulars	Page No.
4.1.1	Device used to Access Internet	85
4.1.2	Experience of Using Internet of University Students	86
4.1.3	Frequency of Browsing internet	87
4.1.4	Total Hours spent weekly on the internet	88
4.1.5	Time preferences for usage internet	89
4.1.6	Purposes of using internet of University Students	90
4.1.7	Places of using internet of University Students	92
4.1.8	Time devoted to Academic Activities by university students	93
4.1.9	Time devoted For GK Enhancement by university students	94
4.4.10	Time devoted for Online shopping by university students	95
4.1.11	Time devoted for Chatting by university students	96
4.1.12	Time devoted for Watching or download Videos/Movies by university students	97
4.2.1	Alienation level of university students	100
4.2.2	Gender basis Alienation level of university students	101
4.2.3	Locality basis Alienation level of university students	102
4.2.4	Academic Stream basis Alienation level of university students	103
4.4.1(a)	Mean Scores of high internet users and low internet users and 'Alienation' of Male and Female University Students	115
4.4.2(a)	Mean Scores of high internet users and low internet users and 'Alienation' of Rural and Urban University Students	119
4.4.3(a)	Mean Scores of high internet users and low internet users and 'Alienation' of Arts and Sciences University Students	122
4.4.4(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Male and Female University Students	125
4.4.5(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Rural and Urban University Students	129
4.4.6(a)	Mean Scores of high internet users and low internet users and Academic Achievement of Arts and Sciences University Students	132
