Acknowledgement

I am expressing my gratitude and special appreciation to my Research Guide, Dr. N. K. Bhatt, Assistant Professor, Department of Physics, Sardar Patel University. His advice on both research as well as on my career have been priceless. I sincerely admire his tremendous mentorship, unflinching encouragement and support in various ways exceptionally inspired and enriched my growth as a student, a researcher and a scientist want to be.

I am also thankful to Dr. U. H. Patel, Professor and Head, Department of Physics, Sardar Patel University for providing necessary facilities for completion of my research.

I am sincerely thankful to Dr. A. R. Jani, Former Professor and Head, Department of Physics, Sardar Patel University for his constant help, inspiration and blessing throughout my research tenure.

I wish to record my wholehearted thanks to Prof. B. Y. Thakore for his kind help. He has provided me deep knowledge related to the research work and functional working of computer and FORTRAN code during the span of this work.

I want to extend my appreciation to Dr. P. R. Vyas, Associate Professor, Department of Physics, Gujarat University and my seniors, Dr. P. S. Vyas and Dr. Punit Suthar for their advice and willingness to share their bright thoughts with me, which were fruitful for shaping up my ideas and research. For the present members of our research group, Mrs. Aateka Vahora, Ms. Rajani Joshi and Mrs. Prakruti Chaudhry, I am grateful for providing stimulating environment and all the fun we have had during my entire research tenure. I value their friendship and support as well. I wish them all the best of success in your future endeavors.

My time at Vallabhbh Vidyanagar was made enjoyable in large part due to the many friends Jiten, Vivek, Ketan, Sandeep and Priyanka who became a part of my life. I am grateful for time spent with roommates Parth, Dhval and Rakesh for their consideration in every way possible and creating a pleasant atmosphere during my stay at Vallabhbh Vidyanagar. My special appreciation goes to Jigna
whose unfaltering support and motivation during the inevitable ups and downs during final stages of my research tenure is so appreciated.

I thank my parents, Shri Bhagubhai Patel and Smt. Shakuntalaben Patel, for their blessings and faith in me, allowing me to be as ambitious as I wanted and for all of the sacrifices that they have made on my behalf. It was under their watchful eye that I gained so much drive and an ability to tackle challenges head on. I express my deep sense of gratitude to my uncle Shri Budhabhai Patel and aunty Smt. Neeruben Patel, without their blessings I cannot imagine myself having ambitions and right direction. I express a warm feeling to my siblings Rakeshbhai, Jaymeen, Jaydeep, Krutika, Jinal and Pinkoo who supported me and encouraged me to strive towards my goal.

I gratefully acknowledge the funding sources that made my Ph.D. work possible. I was funded under “Research Fellowship in Sciences for Meritorious Students” scheme by University Grant Commission, New Delhi.

I would like to express my vote of thanks to teaching and non-teaching staff of Physics Department for their kind support.

I pay my reverence to omnipresent almighty, who has bestowed me sound health and strength to complete this work.
