I am remembering the heavenly blessings of my Late Grand father Adikanda Mishra and Grand father Sri Brajabandhu Satpathy which have enabled me to bring to an end of my thesis work.

I will ever remain thankful to my two younger brothers and two younger sisters for their constant mental supports and intrinsic affections which have
led me for successful completion of the research work.

A lot of thanks on behalf of myself to my friends and colleagues for their constant encouragement from the budding stage of my research work till its flowering.

My sincere good will can never be stopped towards Sri S. K. Prusty, the-then Research Fellow of this Department, Cr. S. K. Sahu, Senior Research Fellow, C.R.R.I, Cuttack, Mr. Omprakash Sahu, Mr. Deepak Das, Miss. Mamata Rath and Miss. Subhashri Mishra (M. Phil students of this Department) for their timely co-operation during my laboratory work.

For the time to come I will remain grateful near the teaching and non-teaching staffs of Botany Department Ravenshaw College, Cuttack for their kind Co-operation during my Research career.

I am thankful to the Chief Librarian of Kanika
Library, Ravenshaw College, Cuttack, C.R.R.I., Cuttack, O.U.A.T., Bhubaneswar and Regional Research Laboratory, Bhubaneswar for providing me with different journals for my Review and Reference work.

Also, I am expressing my thanks to Mr. Umesh Chandra Nayak, Mr. Lokanath Sahu and Mr. R. Singh for their help in the ground work of this bound book and to ODISSI Colour Laboratory, Bhubaneswar for development of Photographs for my thesis.

I am expressing my appreciation and thanks to the Authorities of the Department of Science and Technology, Government of Orissa, who have been kind enough for sanctioning the funds for completion of the Project work.

My sincere gratitude to Principal, Ravenshaw College, Cuttack for providing me with all Laboratory
facilities for the timely completion of experimental work.

At last I will remain ever indebted to the Almighty, Omniscient God under whose latent power and energy, I have been able to collect a pebble only from the ocean of Plant Science.
