Acknowledgements

I am very much thankful to my Supervising Teacher, Dr. M. Padmanabhan, Director, School of Chemical Sciences, for his invaluable guidance throughout my research work. I am greatly obliged to Dr. V. N. Rajasekharan Pillai, Vice-Chancellor, Mahatma Gandhi University, formerly Director, School of Chemical Sciences, for his constant encouragement and inspiration.

I am very much indebted to Dr. M. V. Rajasekharan, School of Chemistry, Central University, Hyderabad, for his valuable suggestions and help during the initial stage of this work. Dean and Staff of Central University, Hyderabad, are also thankfully acknowledged for their help during my visit to Central University, Hyderabad.

My heartfelt thanks to Dr. Sunny Kuriakose, Dr. Beena Mathew, Dr. Tessymol Mathew and Mrs. Claramma Varkey who were with me during the entire tenure of the work.

The help given by Dr. Abraham Varghese, Dr. C. Arunan, Prof. T. V. Mathai, Rami Teresa, Dr. M. K. Muraleedharan Nair and Dr. Gigy Abraham during the various stages of the work are gratefully acknowledged.

My special thanks are to the Principal and Management, St. Mary’s College, Manarcaud, for allowing me to do part-time work. I express my deep sense of gratitude to my colleagues especially to Shibly and Manrena for their encouragements.

The Librarian and Staff of Mahatma Gandhi University Library are greatly acknowledged for their valuable help.

Thanks are also due to Director and Staff of RSIC, Madras, for spectral measurements.

My special thanks are also to Mr. Vijayakumar and James K. A., School of Chemical Sciences who helped me with neat drawings.

UGC needs special reference for granting me Junior and Senior Research Fellowships.

I am grateful to the members of Copy Write, Ettumanoor, for word processing and photocopying of this work.

Sheela Chacko
