CONTENTS

List of the abbreviations v
List of the tables vii
List of the ratios used in this study xi

CHAPTER - I 1-19

• Introduction 1
• Statement of the problem 2
• Review of literature 3
• Objectives of the study 11
• Research questions 11
• Hypotheses of the study 12
• Significance of the study 13
• Scope of the study 13
• Methodology 14
• Chapterisation scheme 17
• Limitations 18
• Scope for further study 19

CHAPTER – II 20-32

Overview of the Petroleum Industry

• International scenario of Petroleum Industry 20
• Indian scenario of Petroleum Industry 26

CHAPTER – III 33-70

Liquidity analysis

• Introduction 33
• Analysis of the Current Ratio (CR) 34
• Analysis of the Quick Ratio (QR) 45
• Analysis of Cash to Net Working Capital Ratio (CNWCR) 56
CHAPTER – IV

Capital structure analysis

- Introduction
- Analysis of Debt Equity Ratio (DER)
- Analysis of Capital Gearing Ratio (CGR)
- Analysis of Shareholders Fund to Capital Employed Ratio (SFCER)
- Analysis of Debt Fund to Capital Employed Ratio (DFCER)
- Analysis of Degree of Financial Leverage (DFL)
- Analysis of Interest Coverage Ratio (ICR)

CHAPTER – V

Profitability analysis

- Introduction
- Analysis of Gross Profit Ratio (GPR)
- Analysis of Operating Profit Ratio (OPR)
- Analysis of Net Profit (Before Tax) Ratio, NPR(BT)
- Analysis of Net Profit (After Tax) Ratio, NPR (AT)
- Analysis of Return on Capital Employed Ratio (ROCER)
- Analysis of Return on Shareholders Fund Ratio (ROSFR)
- Analysis of Earning per Share (EPS)
- Analysis of Dividend per Share (DPS)

CHAPTER – VI

Correlation and Regression Analysis

- Analysis of correlation between liquidity, capital structure and profitability of selected companies in the Indian Petroleum Industry
- Analysis of the influence of liquidity and capital structure on Profitability of selected companies in the Indian Petroleum Industry
CHAPTER – VII

Summary of findings, suggestions and conclusion

- Summary of the findings 251
- Suggestions 265
- Conclusion 268

BIBLIOGRAPHY 269

APPENDICES 277
