ACKNOWLEDGEMENT

First and foremost with great indebtedness I thank JESUS CHRIST My Lord and Saviour for his mercy upon me. His abundant blessings to my family and me, was the energizer to me during the difficult time. Because of him everything became possible.

I would like to express my deep sense of gratitude to Dr. P.O Augusthy, my research guide, Department of Botany, St. Thomas College, Palai for his constant encouragement, patient listening, valuable suggestions, inspiring comments, timely advices, critical evaluation of the thesis and the freedom of work he provided me all throughout my research period.

It is a joyous occasion to sincerely express my gratitude to Dr. K. K. Jose, Principal, St. Thomas College, Palai for his whole hearted support. I also extend my heartfelt thanks to Rev. Dr. Mathew Maleparampillil, former Principal of St. Thomas College, Palai for allowing me to join there.

I express my sincere thanks to Dr. Jomy Augustine, Head of the Department of Botany, St. Thomas College, Palai for providing all the necessary facilities needed for this work. I gratefully acknowledge my gratitude to all the faculty, staff and research scholars of Botany department for their timely help and support.

I take this opportunity to express my sincere thanks to Fr. Abraham Kollithanathumalayil, Manager and Dr. Joy Jacob, Principal of Deva Matha College, Kuravilangad. I also extend my gratitude to Rev. Dr. Joseph Maleparampillil, former Manager and Dr. Tharsis Joseph, the former Principal of Deva Matha College, Kuravilangad.

During this period of my study I am indebted to many people for their sincere advice and support. I am especially thankful to Mr. Shal Chandran, Sr. Sandra, Sr. Vincy, Miss. Jyothi, Mrs. Sweety and all other research scholars of Botany department, St. Thomas College,
Palai for the help they offered and also for the maintenance of pleasant working atmosphere in the lab.

My sincere thanks to the librarians and the staff of St. Thomas College Library, Palai, M.G. University Library and Deva Matha College Library for providing me all the facilities I required.

I am immensely thankful to Prof. George Mathew Muricken, former Head of the Department of Botany, Deva Matha College, Kuravilangad for the discreet advice, critical evaluation and interest that he showed on me. I am also thankful to Prof. James Philip, former HoD of Botany, Deva Matha College. My sincere thanks goes to my colleagues, Prof. Rosamma Thomas and Dr. Johnson Joseph as well as to the other members of the Department of Botany, Deva Matha College. I am also obliged to my beloved teachers Prof. C.O. Varkey, Prof. Santhamma Peter and Rev. Sr. Aplonia C.M.C, for their blessings.

I remember with gratitude Dr. Seemon, Professor of Statistics, St. Thomas College, Palai for rendering me the necessary help in the interpretation of the data. I also extend my thanks to Dr. C. Arunan, School of Chemical Sciences, M. G. University, Kottayam, for the SEM photographs. My heartfelt thanks to Mr. Jaison Paul for his invaluable help and support.

I take this opportunity to express my sincere thanks to the authorities of Central Lab, RRII, Kottayam, STIC, Cochin University, Radiotracer Lab, Kerala Agricultural University, Mannuthy for sample analysis and for providing the laboratory facilities.

I wish to extent my thanks to Minitech Centre, for the type settings and bindings. My hearty thanks to Dr. Selinamma Joseph, Department of Botany, BCM College, Kottayam for her invaluable help and support. The help rendered by Dr. Chandralekha C.T, PG Department of Botany is greatly acknowledged.

I thank UGC for granting me fellowship under the F.I.P which enabled me conduct this research work.
My hearty and special gratitude to my husband Dr. Babu Joseph and our children Anupa Rose Babu and Namitha Ann Babu and my parents for their understanding and affection. Their patience and love was the source of the successful completion of this study.

I remember all my dear and near ones with immense love and gratitude who directly and indirectly helped me in the successful completion of my thesis.
