ACKNOWLEDGMENTS

All praise is due for Almighty whose grace and benevolence materialised me maiden project.

Fortune took the lead that I had Dr. Kr. Farahim Khan as my supervisor. No words can express my gratitude for his sacrifice of time, always making himself available, encouragement, enthusiasm, valuable suggestions, thoughtful criticism and his patience in listening to my ideas and problems throughout the course of this study.

Special thanks and deep sense in indebtedness is expressed for Dr. L.A.K. Rao, Chairman, Department of Geology for his keen interest, helping hand and for providing the necessary facilities required during the course of my research work. I am and will remain indebted and shall follow his footprints in the time to come.

I am also thankful to the Director, National Geophysical Research Institute (N.G.R.I), Hyderabad for granting me permission for geochemical analysis. My special thanks are due to Dr. S.S.H. Jaffri, Scientist ‘G’ and Dr. V. Balaram, Scientist ‘G’ and Head, Geochemistry Division, National Geophysical Research Institute (N.G.R.I), Hyderabad for their kind help during the geochemical analysis. Thanks are also due to Dr. Ganeshwar Rao and Dr. Sawant for their support and training to handle the ICP-MS instrument. I am also thankful to the Director, National Oceanography Institute (N.I.O) Goa, for permitting and providing necessary facility for X.R.D. analysis.

My thanks are due to Dr. Zafar Hussain, Scientist, ‘F’ AMD, Deptt. of Atomic Energy for fruitful discussions and valuable suggestions.

I am highly thankful to Prof. Mahshar Raza, Ex Chairman, Department of Geology, Aligarh Muslim University, Aligarh for his helpful advice and support.

I am sincerely thankful to my colleague and friend, Mr. Shamim Ahmad Dar for his help, cooperation, encouragement and many fruitful discussions during the course of this research work.

I would fail in my duty if I do not appreciate the encouraging attitude of my friends, Adnan, Atif, Sadiq, Ausaf, Osama(Mama), Adeel, Nehal, Imran, Sajjad, Habeeb, Aiju Bhai and Adnan (Baba). I am also thankful to Mr. Ziaurrahman, Guest
Faculty in the department and my senior for his kind cooperation and valuable suggestions.

I would like to give special thanks to Faraz, Amish and Anas for their constant support one or the other way.

I wish to express my heartfelt gratitude to my dear parents specially my father who lighted the academic lamp of my life and supported patiently and financially in the starting first three and half years of my Research.

In the Last, I gratefully acknowledge my brothers, Mr, Zakir and Mr. Yasir, my sisters, uncles, wife, and other family members for their patience, financial support, moral encouragement and full cooperation at all stages of the present investigation. I would also like to thank my six months child ‘Junaid’, whose presence encouraged me to finish the work on time.

The financial assistance received from the UGC fellowship scheme is greatly acknowledged.
