

CONTENTS

CHAPTER-1: GENERAL INTRODUCTION AND REVIEW OF LITERATURE 1-32

- 1.1 Introduction
- 1.2 Review of literature
- 1.3 Nature and scope of the present work
- References

CHAPTER-2: EXPERIMENTAL TECHNIQUES AND THEORETICAL ASPECTS 33-61

- 2.1 Introduction
- 2.2 Experimental details of ultrasonic interferometer
- 2.3 Purification of solvents
- 2.4 Viscosity measurements
- 2.5 Density measurements
- 2.6 FT-IR spectral measurements
- 2.7 Preparation of liquid mixtures
- 2.8 Theoretical considerations
- 2.9 Calculation of the different parameters and the formulae
- 2.10 Properties & applications of liquids chosen for study
- 2.11 Comparison of experimental densities, velocities and viscosities of pure liquids with literature values at 308.15K

CHAPTER -3: EVALUATION OF MOLECULAR INTERACTIONS IN DIETHYL MALONATE AND 1-ALKANOLS 62-114

- 3.1 Introduction
- 3.2 Review of literature on alkanols
- 3.3 Results
- 3.4 Discussion
- 3.5 Conclusion
- Tables
- Figures
- References

CHAPTER – 4: THERMOPHYSICAL STUDY OF THE BINARY LIQUID MIXTURES OF DIETHYLMALONATE WITH ALKOXYETHANOLS 115-165

4.1. Introduction

4.2. Review of literature

4.3. Results

4.4. Discussion

4.5. Conclusions

Tables

Figures

References

CHAPTER -5: ASSESSMENT OF MOLECULAR INTERACTIONS IN DIETHYL MALONATE AND AMIDES 166-214

5.1. Introduction

5.2. Review of literature

5.3. Results

5.4. Discussion

5.5. Conclusion

Tables

Figures

References

CHAPTER-6: THEMOPHYSICAL INVESTIGATIONS OF THE BINARIES OF DIETHYL MALONATE WITH MONO SUBSTITUTED BENZENES 215-260

6.1. Introduction

6.2. Review of literature

6.3. Results

6.4. Discussion

6.5. Conclusion

Tables

Figures

References

CHAPTER-7: THEORETICAL VELOCITIES AND THEORETICAL VISCOSITIES 261-335

- 7.1 Introduction
- 7.2 Theoretical considerations:
- 7.3 Results and discussion
- 7.4 Conclusion
- Tables
- Figures
- References

CHAPTER – 8: PARTIAL MOLAR VOLUMES OF BINARY LIQUID MIXTURES OF DIETHYL MALONATE 336-359

- 8.1 Introduction
- 8.2 Theory
- 8.3 Results and discussion
- 8.4 Conclusion
- Tables
- Figures
- References

CHAPTER-9: FT-IR SPECTROSCOPIC ANALYSIS OF MOLECULAR INTERACTIONS IN THE BINARY LIQUID MIXTURES OF DIETHYL MALONATE 360-384

- 9.1 Introduction
- 9.2 FT-IR spectroscopy
- 9.3 Theory
- 9.4 Regions of the IR spectrum
- 9.5 FT-IR analysis in the binary liquid mixtures
- 9.6 Conclusion:
- Tables
- Figures
- References
