TABLE OF CONTENTS

LIST OF TABLES ......................................................... xi
LIST OF ILLUSTRATION ........................................... xiii
Chapter :

I  INTRODUCTION ...................................................... 1
   Statement of Problem
   Delimitations
   Limitations
   Hypothesis
   Definition and Explanation of Terms
   Significance of the Study

II REVIEW OF RELATED LITERATURE ............................ 25

III PROCEDURE ....................................................... 52
   Selection of the Subjects
   Selection of Variables
   Criterion Measures
   Reliability of Data
   Design of the Study
   Procedure for Administering the Test
   Training Methodology
   Statistical Analysis

IV ANALYSIS OF DATA AND RESULTS OF THE STUDY ....... 89
   Level of Significance
   Finding
   Discussion of finding
   Discussion of Hypothesis

V SUMMARY, CONCLUSIONS AND RECOMMENDATIONS ........ 139
   Summary
   Conclusions
   Recommendations
TABLE OF CONTENTS (continued)

APPENDICES:

1. Scores of Three Different Training Groups in 30 Meters Speed .......................... 147
2. Scores of Three Different Training Groups in 50 Meters Speed ......................... 148
3. Scores of Three Different Training Groups in 80 Meters Speed ......................... 149
4. Scores of Three Different Training Groups on Power .................................. 150
5. Scores of Three Different Training Groups in Average Stride Frequency at Acceleration Phase .......................... 151
6. Scores of Three Different Training Groups in Average Stride Frequency at Maintenance Phase .................................................. 152
7. Scores of Three Different Training Groups in Average Stride Frequency at Deceleration Phase .................................................. 153
8. Scores of Three Different Training Groups in Average Stride Length at Acceleration Phase .................................................. 154
9. Scores of Three Different Training Groups in Average Stride Length at Maintenance Phase .................................................. 155
10. Scores of Three Different Training Groups in Average Stride Length at Deceleration Phase .................................................. 156
11. Scores of Different Training Groups in Acceleration Speed ............................ 157
12. Score of Three Different Training Groups in Flexibility .................................. 158

BIBLIOGRAPHY .................................................. 159
