

Acknowledgements

I wish to place on record my profound sense of gratitude to my respected guide Dr. M. Padmanabhan, Director (in-charge), School of Chemical Sciences, Mahatma Gandhi University, Kottayam, under whose guidance and direct supervision, the present work was carried out. I am indebted to him for this inspiring guidance, keen interest and constant encouragement throughout the course of this work. His sincere dedication to research has always been a cause of inspiration to me.

I remember with gratitude the whole-hearted help rendered by Prof. R. Murugesan and his research group at Madurai Kamaraj University, to carryout the photocatalytic studies of some of my model enzymes developed in the present work. I also wish to express my sincere thanks to Prof. J. Subramanian, University of Pondicherry, for his valuable suggestions and help and also for providing facilities for the EPR measurements. It gives me special pleasure to thank Dr. K. Vijayamohanan, N.C.L., Pune, for his help to carryout the CV measurements.

I express my sincere thanks to all the faculty members and non-teaching staff of School of Chemical Sciences, for their whole-hearted help and cooperation.
