ACKNOWLEDGEMENTS

I express my deep sense of gratitude to my research guides Professor K.Nageswara Rao and Professor B.Hema Malini for their apt guidance, invaluable suggestions and constant encouragement without which I could not have to complete this work. I am grateful to them for creating the spirit of research in me.

I am grateful to all the faculty members of the Department of Geo-Engineering namely Prof. P. Jagadeeswara Rao, Prof. E.Amminedu and Prof. G.Jaisankar for their encouragement. My thanks also go to my Co-Research scholars in the Department of Geo-Engineering and Department of Geography for their support and help in preparation of the thesis.

Doctors of the Health centers, District Malaria Officers (DMO’s) and Chief Planning Officers (CPO’s) of Visakhapatnam, Vizianagaram and Nalgonda districts have kindly provided me with volumes of data on number of cases registered and various diseases in their respective offices. I am highly indebted to them for their help.

I am very thankful to my parents, wife and mother-in-law who have given me constant support not only economically but also emotionally. My daughter Bhanusri deserves a special mention.

I express my gratitude to the Andhra University authorities for giving me the opportunity and providing me the necessary facilities to carry out the research work embodied in this thesis.
