

## ACKNOWLEDGEMENTS

*I wish to express my sincere gratitude and heartfelt appreciation to the following people, who, by all means have contributed and inspired me to the overall successful completion of the task:*

*First and foremost, I wish to express my deepest gratitude and highest thanks to my research supervisor Professor **K. H. Rao**, Former Head of the Department, Department of Physics, Andhra University and currently Professor at RGU IIT, Nuzvidu for his continuous encouragement, technical guidance, valuable discussions and idealistic suggestions with lot of patience during my study. His suggestions and corrections have improved this thesis enormously and enriched my level of understanding the basic principles.*

*It is high time to show my gratitude to the Secretary-Correspondent G. Madhukumar, Principal Dr. K. Rama Rao, Director Dr. K. Baskar Reddy, Dean Science College Dr. K. V. L. Purushottam, Head of the department K. Srinivas and my colleagues of Dr. Lankapalli Bullayya College, Resavanipalem, Visakhapatnam for the constant encouragement, timely advice, and support to carry out my research work.*

*I also thank Prof. K. Niranjana, Chairman P.G. Board of Studies in Physics Department, Andhra University for his kind support.*

*I would like to thank Dr. A. Mahesh Kumar, Dr. G. S. V. R. K. Choudary for their constant support throughout my research studies. I am ever grateful to them for their advices.*

*Several people have collaborated in the development of my Ph.D thesis studies. I would like to express my heartfelt thanks to S. Jagadeesh Kumar Senior Scientist, Naval Dockyard, Visakhapatnam, Dr. Vijaya Lakshmi Head of PMG,*

*IGCAR , Kalpakkam, Chennai, Dr. Parameswaran, Dr. V. Thomas Paul and Radhika, IGCAR, Kalpakkam, Chennai, G Ranga Rao, IIT Chennai, Dr. K. Ravindranath , Dr B Ravi kumar, IICT, Hyderabad and Dr. Poornachandra Rao, USIC, Andhra University for XRD measurements. I am also grateful to DST and SAIF, IIT Mumbai, India and CIL, UoH Hyderabad for providing measurements. I would like to express my gratitude to Dr. V Raghavendra Reddy, CSR, Indore for providing the Mössbauer facilities. I also thank M Siva Kumar, Technical Assistant, Dept. of. Acms, IIT - Kanpur for providing the room temperature magnetization measurements of the samples.*

*I specially thank Mr. K. Srinivasa Rao, Miss.Ch. Sujatha, Dr. G. Sankaranarayana Rao, Mr. P. Appa Rao, Pydi raj and Ganga Swamy for their full support and assistance in the preparation of the samples and the subsequent analysis.*

*I take this opportunity to extend my deep appreciation to my family friends Janaki, Janaki Ram, Y. Padmanabha Rao, for all that they meant to me during the crucial times of the completion of my thesis.*

*I would also like to thank my in-laws (Smt. Gowri and Sri. Sankaraiah), my parents (Smt. Saileela and Sri. VenkateswarRao) and grandpa Sri. K. Adinarayana Rao) for their financial assistance and moral blessings.*

*Not least, perhaps, I am forever thankful to my children (Lalitha Maha Dev and Kalyana Reshmya Dev) for their co-operation and also to my better half, I. V. S. R. Krishna Rao @ SIVAJI for his continuous encouragement and constant support and also for his tolerance, pains in taking care of our family while I have spent hundreds of hours working throughout my course work.*

**- P. PRAMEELA**
