3. Methodology 115-166

3.1 Conceptual frame work of the study\ 115
3.1.1 Concept 116
3.1.2 Sources of Data collection 116
3.2 Locale of the study 117
3.3 Research Design 119
  3.3.1 Sampling Design 119
  3.3.2 Data Collection Design 126
3.4 Data Analysis
  3.4.1 Editing 165
  3.4.2 Coding 165
  3.4.3 Tabulation 165
  3.4.4 Diagrammatical representation 166
  3.4.5 Statistical Analysis 166
4. Results And Discussions 167-295
  4.1 Phase I 168
    4.1.1 Section i- Analysis of the data collected from shopkeepers 168
    4.1.2 Section ii- Analysis of The data collected from Would be mothers 181
    4.1.3 Section iii- Comparative analysis of data collected from Shopkeepers and Would be mothers 207
  4.2 Phase II- This phase involves analysing the data collected regarding design development 213
    4.2.1 Fabric Finalisation 214
    4.2.2 Finalization of the Concept behind Design Development-Done by the Panel 219
4.2.3 Finalization of the best Surface enrichment technique
4.2.3.a) Developed Samples of Painting and Embroidery
4.2.3.b) Developed Samples of Sewing and Embroideries
